

INJUNCTION SOUGHT BY RAILWAYS

Santa Fe and Other Western Companies Would Halt Low Lemon Rate

FILED PETITION WITH U. S. SUPREME COURT

Would Have Interstate Commerce Commission From Putting it in Effect

WASHINGTON, Feb. 2.—A petition for an injunction asking the suspension of the Interstate Commerce Commission's order prescribing a \$1 per hundred rate on California lemons, has been filed with the United States Supreme Court. The Santa Fe and other transcontinental railroad lines ask for the injunction.

SUBMARINE GOES TO BOTTOM OF SEA

Foundered Off Isle of Wight by Torpedo Boat—Crew of 11 Believed Dead

LONDON, Feb. 2.—The submarine boat "A-3" of the British navy, today collided with the torpedo boat "Hazard" off Princess Shoal, the Isle of Wight. The submarine foundered and while the fate of eleven members of the crew is unknown, it is believed the men have perished.

Warships are rushing to the scene carrying diving apparatus in hope that the crew found refuge in the watertight compartment of the boat.

LONDON, Feb. 2.—The commandant of the Portsmouth naval station believes the crew of the submarine died. Gas bubbles rising to the surface where the boat sank, proves that a hole was rammed in the submarine by the collision. Lieutenants Falcon and Orland are among those who perished if the crew and officers are dead.

LOS ANGELES NOW RANKS FIFTH IN AREA OF CITIES

Los Angeles Examiner: Twenty square miles of territory, more than 12,000 people and \$15,000,000 in assessed property valuation, were added to Los Angeles yesterday in an annexation election in which 5628 people voted for and 976 people voted against the proposition.

The addition of this twenty miles of territory to the city of Los Angeles makes the city fifth in area in the United States, Greater New York being first with 326 3/4 square miles; New Orleans second, with 195 square miles; Chicago, third, with 190 1/2 square miles, and Philadelphia, fourth, with 129 1/2 square miles. The total area of Los Angeles is now 121 1/2 square miles.

The Eagle Rock, Tropic, Annandale and Hermosa sections were those added to the city.

TWO MOTORCYCLISTS PAY \$5 FINE EACH

E. N. Peckham and Frank Musselman, motorcyclists, were in City Recorder Wilson's court this afternoon on charges of speeding. The offenses were alleged to have occurred on West Fourth street last night. Musselman and Peckham pleaded guilty and each paid a fine of \$5.

E. C. Renney is to be heard this afternoon at 3 o'clock by the city recorder on a charge of speeding an automobile Wednesday night.

Children Sold To Slavery in Russian Mines

ODESSA, Feb. 2.—Starving peasants in Southeastern Russia are selling their children to slavish work in the mines.

The situation is growing worse. Hunger and typhus fever are claiming hundreds of victims in the Saratoff province. In several villages, seventy per cent of the children have been stricken.

Bulletins of News

Hot from the wire up to 3:30 p. m.

THE WEATHER

Fair tonight and Saturday; light north wind.

Woods Hutchinson, Health Expert, Loses His Own

ST. PAUL, Minn., Feb. 2.—Dr. Woods Hutchinson, the lecturer and writer on health topics, is in such poor health that his physician ordered him to cancel all his lecture engagements for six months and take a complete rest.

Pennover of California Gets Diplomatic Position

WASHINGTON, Feb. 2.—The nomination of Richard E. Pennover of California to be secretary of legation at Paraguay and Uruguay was confirmed by the senate yesterday.

Greenwich, Conn., Has 51 Millionaires on Tax Roll

NEW YORK, Feb. 2.—Greenwich, Conn., said to be the wealthiest suburb in the United States, shows fifty-one millionaires on the tax list, with a total of \$35,000,000 of taxable property, an increase of \$25,000,000 in ten years.

Chicago May Administer Police Affairs by Commission

CHICAGO, Feb. 2.—The civil service commission investigating the police department, will recommend to Mayor Harrison that the police affairs of the city be administered through a commission, thus taking the police department out of politics.

Col. Van Orsdale in Gulf Command Temporarily

ATLANTA, Ga., Feb. 2.—Col. John T. Van Orsdale is temporarily in command of the Department of the Gulf until the arrival of Gen. W. W. Whitherspoon, who is ill. Gen. Albert Mills, retiring commander of this department, goes east to be president of the army war college.

Canadian Northwest Seeks American Stock Cattle

GLOBE, Ariz., Feb. 2.—W. H. Ferris of the Canadian Northwest, has bought more than 8000 head of cattle from Gibson Brothers' ranch near Globe, paying \$200,000 for the cattle. This is the largest single live stock transaction in the history of Gila county.

Gov. Dix's Wife Heroine of Albany Fire

ALBANY, N. Y.—Mrs. John A. Dix, wife of the governor of New York, was the heroine of a fire that threatened the destruction of the residence of her niece, Mrs. George Lowe. Mrs. Dix assumed command of the firemen, with the result of saving the home.

France Wants Powers To Aid in Cretan Problem

ATHENS, Feb. 2.—France has advised calling on the Powers to settle the Cretan problem as to relations between Greece and Crete. It is sure that Turkey's suzerainty over Crete will be guaranteed.

First Woman Member of Jersey City's Education Board

NEW YORK, Feb. 2.—Miss Cornelia Bradford, head worker of Whittier House social settlement, Jersey City, has been named as the first woman member of Jersey City's board of education by Mayor Witt-penn.

Morrison Will Testify in Dynamite Probe

INDIANAPOLIS, Feb. 2.—Secretary Frank Morrison of the American Federation of Labor, arrived here to testify before the grand jury probing the dynamite cases.

TWENTY-TWO DIE IN SECOND QUAKE IN IONIAN ISLANDS

ATHENS, Feb. 2.—Twenty-two are reported as having been killed in another earthquake on the Ionian Islands. A relief party has been dispatched to the scene.

Sounds Like It

"Pop, you tell me one thing?"

"Yes, Willie."

"If a man makes soda water fountain ain't he engaged in fizz-ical culture?"

COL. ROOSEVELT AN INJUNCTION FOR WOMAN SUFFRAGE

Believes it Will Win—Praises Women's Work in Seattle and Los Angeles

SAYS BALLOT WILL NOT BE HER HIGHEST DUTY

But That Woman's Vital War Must be on Vice, Frivolity and Cold Selfishness

NEW YORK, Feb. 2.—In an Outlook editorial Col. Roosevelt goes on record as generally favoring woman suffrage. He says the ballot, however, is secondary to woman's duty to the home, advising woman to strive against vice, frivolity and selfishness. The editorial says:

"The exercise of suffrage will never be the most important of women's rights and duties. The vital need is a war against vice, frivolity and cold selfishness, and the timid are shrinking from the necessary risk and effort. Vice, leading to the divorce court or taking shape in the curse of voluntary sterility, is a fundamental evil of prime importance. I am glad that good, wise and brave mothers should have the ballot. I believe the woman suffrage movement will eventually succeed. But I regard it of far less consequence than many other movements for betterment, and perhaps one reason that many who believe in woman's equality take little interest in the suffrage movement, may be found in the unfortunate actions of certain suffrage leaders who seem desirous to associate the movement with disorderly conduct and thoroughly degrading assaults on the morality of women within and without marriage. In the Western states where suffrage has been accorded to women, I do not see any great difference, unless in slight changes for the better. There does not seem to be any difference in Denver, and Eastern cities, yet it is the women who stand behind Judge Ben Lindsey. When I passed through Seattle last spring, the city was just getting a needed house cleaning. The votes of women there were potent factors in getting decent government. The same thing is notably true of the result in the recent Los Angeles election."

MRS. TINGLEY IS NERVOUS OVER WITNESS

Appearance of Former Private Chauffeur in Will Case Causes Sensation

GEO. C. DILLE TESTIMONY SEEMED DISCONCERTING

He Related Conversations of the "Purple Mother" and Aged Mrs. Thurston

SAN DIEGO, Feb. 2.—A sensation was created in court here today when George C. Dille, a member of the Theosophical Society, appeared in the courtroom when the Thurston will case was continued. Mrs. Tingley recognized Dille and hastily summoned her counsel, State Senator Leroy Wright.

Dille was called to the stand and was asked whether he remembered any conversation with Mrs. Tingley in 1908 relative to Mrs. Patterson-Thurston being at Point Loma. He replied, "Yes." When questioned further he admitted that Mrs. Tingley said to him: "A streak of insanity runs in the family on the mother's side."

He stated that he had often been automobile driving with Mrs. Tingley and Mrs. Thurston, and related conversations between them. Dille was Mrs. Tingley's private chauffeur.

The Royal Restaurant on West Fourth street will be open at all hours. Meals 25 cents. Home cooking.

Dr. Rossiter & Paul, Dentists, corner Fourth and Main Sts.

SUIT TO BE FILED

Anti-Gist Tract Forces are to Bring an Action in the Superior Court

OBJECT IS TO DEFEAT LOCATION

Complaint Being Prepared—Robert McFadden is to be the Plaintiff

This afternoon papers are being drawn in a suit that will be commenced tomorrow morning, with the end in view of preventing the location of the polytechnic high school on the Gist tract. Robert McFadden will appear as plaintiff in the action. The action is backed by a number of local men who have conferred together as to means to prevent the location of the school on the Gist tract, and the complaint now being prepared is being prepared on the agreement of these men, Robert McFadden accepting the place of plaintiff.

The complaint will ask that an injunction be issued by the superior court.

For the last two days the opponents of the Gist tract have been endeavoring to get three members of the school board to call another meeting to rescind the action selecting the Gist tract as the site, and to select some other site or leave the selection to a vote of the people. Failing in that, they say that there was nothing left for them to do to stop the procedure except to take the action of bringing suit.

O. M. Robbins has resigned as a member of the advisory committee. The resignation will be taken up at the next meeting of the school board.

CHINESE BEAUTY CONFESSES MURDER

Killed Man Whose Body Was Found in Trunk at Seattle Railway Station

PORTLAND, Feb. 2.—Upon the arrival from Billings, Mont., where she was captured, Oi Sen, a beautiful Chinese girl, confessed that she murdered Seid Bing, whose body was recently found in a trunk in a Seattle railway station.

The girl refused to tell her motive for the murder or whether she had an accomplice. The police are trying to wring from the girl the details of the crime.

PORTLAND, Feb. 2.—Wong Si Sam, a kitchen man on the steamer Dalles City, was arrested and jointly charged with the murder of Seid Bing, the trunk murder victim. His arrest closely followed the confession of Oi Sen.

Wong denied that he knew anything of the murder. Officials are pursuing two other Chinese believed to be implicated.

ARIZON AT OSEND ELECTION RETURNS TO PRESIDENT TAFT

PHOENIX, Ariz., Feb. 2.—R. A. Kirk, assistant secretary of state, has been appointed by Governor Sloan to convey the official returns of the first state election to President Taft, and he starts on Saturday night for Washington.

BIG COAL STRIKE FORESHADOWED BY FAILURE TO AGREE

INDIANAPOLIS, Feb. 2.—The possibility of a coal strike in the Middle West, starting on March 31, when the present working agreement expires, was shown by the adjournment of the miners and operators' wage conference without an agreement. The miners asked an increase of ten cents per ton for mining. Laborers asked twenty per cent increase, with a seven-hour day. All arbitration efforts were unavailing. Another meeting will be held in the middle of March.

GRAND OPERA AT THE GRAND OPERA HOUSE

Manager Uhm of the Grand Opera House has received a proposition to have the Grand Opera Company, now at the Auditorium in Los Angeles, play in Santa Ana Feb. 7, of a guarantee of \$800 can be raised. Uhm is now taking orders for tickets, \$2 on the lower floor and first two rows of the balcony. "Madame Butterfly" will be produced.

FIRE IN SAN BERNARDINO RANGE STARTED YESTERDAY

SAN BERNARDINO, Feb. 2.—Forest fires on Seeley Flats in the San Bernardino range were controlled at 4 o'clock this morning by Forest Supervisor Jenken and thirty assistants. Hundreds of acres are reported burned.

McMANIGAL STARTED ON RETURN TO LOS ANGELES

INDIANAPOLIS, Feb. 2.—Ortie E. McManigal, the confessed dynamiter, who has been here several weeks aiding the Federal grand jury in its investigation of an alleged nationwide dynamiting conspiracy, departed secretly for Los Angeles Wednesday afternoon, according to an announcement made by Federal officials last night. He walked down one of the busiest streets of the city to the union station, where he boarded a train for the West.

He was accompanied by Detective Malcolm McLaren.

WOULD SUIT HER

Benham—If we get a divorce I shall insist on having our child half of the time.

Mrs. Benham—All right; you may have him nights.

MUTINEERS SELECT CABINET AT JUAREZ

All Are Zapata Sympathizers—Fighting Sure to Follow Orozco's Arrival—Battle At Chihuahua

EL PASO, Feb. 2.—The Mexican mutineers at Juarez have elected a municipal cabinet for the city, all members of which are Zapata sympathizers. The city is desolated and stripped. The damage exceeds half a million dollars. The leaders of the mutiny have issued a proclamation saying they will not be responsible for further damage if the federal troops enter the city.

Gen. Orozco's arrival, it is apparently certain, will bring a renewal of fighting and looting. All the residents of the city are preparing to flee.

MEXICO CITY, Feb. 2.—Chihuahua dispatches say that Gen. Orozco is entraining troops for Juarez. The Zapatistas in Chihuahua are also reported northbound.

Governor Gonzales says the mutineers have agreed to surrender the city if they receive their back pay. The rebel leaders deny this.

A battle is expected when Orozco arrives.

BATTLE AT CHIHUAHUA FOLLOWS NEWS OF MUTINY

CHIHUAHUA, Feb. 2.—A score of rebels and federal troops are reported as killed in a battle following the receipt of the news of the mutiny at Juarez. The rebels were driven to the hills. More fighting is feared.

REPORTED REBELS WOULD SURRENDER CAPTURED TOWN

EL PASO, Tex., Feb. 2.—At 12:30 o'clock this morning Col. Estrada, deposed military commander of Juarez, received advice from Governor Gonzales that an agreement had been reached whereby the rebels would return control of the city to the federal government.

This changes the aspect of affairs since yesterday, when Emilio Vasquez was proclaimed provisional president of the Mexican republic and Francisco I. Madero was criticized in bitter terms in a proclamation secretly circulated among the revolting Juarez garrison and members of the so-called new revolutionary junta in El Paso.

The proclamation was dated "Revolutionary camp in Chihuahua, February 1, 1912," and bore the signatures of Louis Fernandez and Col. L. Selazar as "chief of the forces of the north."

BERT H. CONNORS CASE GOES TO JURY

Judge Willis' Charge Urged Care in Considering Evidence in Case

LOS ANGELES, Feb. 2.—The case of Bert H. Connors, who is charged with conspiring to dynamite the Hall of Records, went to the jury at ten o'clock today. Judge Willis charging the jury advised that it could not be held against the defendant that he was in the vicinity of the Hall of Records on the night of the alleged attempt at dynamiting. He urged careful consideration of the evidence that Connors had nothing on his person to explode the dynamite caps, when he was arrested.

FORE-CAST OF IRISH HOME RULE BILL

Ireland to Have Annual Subsidy of \$10,000,000 for Fifteen Years

LONDON, Feb. 2.—The Daily Chronicle publishes a forecast of the home rule bill. This provides that the Irish Parliament shall have full control of customs and excise, and provision will be made for the continuance of complete free trade between England and Ireland.

Ireland is to receive for fifteen years an annual imperial subsidy of \$10,000,000, after which she will make contributions to the imperial expenditure, based on a percentage of revenue.

The Irish Parliament will consist of two houses—a Legislative Council of about fifty members, and a Legislative Assembly of 103 members. The Council will have a suspensory vote on legislation.

In the event of a disagreement between the two houses, after the second rejection of a bill by the council, it will be submitted to the two houses deliberating and voting together, and adopted or rejected according to the decision of the majority.

Ireland will continue to be represented in the Imperial Parliament, but in greatly diminished numbers. The Irish Parliament shall have no control with respect to the navy, army or militia, foreign policy, coinage, military camps or coast lighting, and will be forbidden to establish or endow any religious matter.

BLACK HAND BLAMED FOR GRIM MURDER

Kidnaping in Chicago Laid to Same Source—Ten Suspects Under Arrest

CHICAGO, Feb. 2.—Ten suspects have been arrested following the discovery of the hacked bodies of Pasquale and Salvatore Marello, brothers, in an Italian boarding house. The photograph of a pretty Italian girl, covered with blood, was lying near.

The Black Hand is suspected, and the entire police force is working to solve the disappearance of Joseph Comadore and Antonio Vaggione, playmates. The police believe that the murderers of the Marellos are also kidnapers.

GLENN MARTIN AND OTHERS TO FLY AT MEET IN FRISCO

LOS ANGELES, Feb. 2.—The Beachey brothers, Glenn Martin, Kearney, Hoff, Willard, Miss Scott, and other aviators have signed contracts to appear at an aviation meet in San Francisco, Feb. 17-25, under private auspices of San Francisco.

GOV. JOHNSON ILL WITH THROAT TROUBLE IN N. Y.

NEW YORK, Feb. 2.—Suffering from throat affection, Governor Johnson is ill at his hotel. He will be unable to meet Col. Roosevelt until tomorrow. His physicians say his condition is not serious.

DOZEN NEW WITNESSES FOR DYNAMITING PROBE

LOS ANGELES, Feb. 2.—A short session of the county grand jury was held today. It is not believed the jury touched the dynamiting cases. Tuesday it is believed is the time set for further probe. Deputy District Attorney Keetch stated that a dozen new witnesses will be summoned, but refused to reveal their names.

JAIL BREAKERS OF LOS ANGELES ARE HUNTED BY 100 MEN

LOS ANGELES, Feb. 2.—One hundred police are searching for Frank Smith, John Hall and J. Campbell, minor offense prisoners at the city jail, who smashed a temporary cell door, found a crowbar in the corridor, jimmied their way to freedom, and fled, the guards pursuing. The chase led through lumber yards to the wholesale district, then to the river bed, when the men disappeared.

REBELS FACE PROBLEM ON LOAN

American and British Syndicate to Aid Chinese Republic for Oil Monopoly

JAPAN AND RUSSIA MAKE COUNTER PROPOSITION

Republicans Spar for Time—Syndicate Pressing for Answer

SHANGHAI, Feb. 2.—The rebel leaders here declare that a syndicate of Americans and British, including representatives of the Standard Oil Company has promised two hundred and fifty million dollars in support of the new Republic government as soon as the first foreign nation recognizes the republic. The syndicate will get a monopoly of development of oil and certain mineral lands in return.

Japan and Russia are protesting and are making counter propositions. They are greatly angered over apparent American preference.

Japan is also much disgruntled because the British have joined the Americans.

The syndicate is demanding immediate answer, realizing the danger of complications, if the matter is delayed. The Republicans are sparing for time.

SYNDICATE WARNED TO OBSERVE NEUTRALITY LAWS

WASHINGTON, Feb. 2.—The State Department officials have authorized a statement that the American and British syndicate reported to be dictating with the Chinese republicans, must beware of violation of the neutrality laws. It is asserted that specific evidence is forthcoming that the Americans concerned in the deal are not recognized by Washington, and that the administration, forced by treaty pledges, would proceed against them. The department regards the furnishing of money for arms.

ELEVEN SCHMITZ JURORS ACCEPTED

Court Convened This Morning After Defense Lost Out on Judge Lawlor

SAN FRANCISCO, Feb. 2.—Delays are frequent in the trial of former Mayor Eugene Schmitz on charges of graft. Eleven jurors have been accepted subject to peremptory challenge. After convening today a recess was granted until 2 o'clock this afternoon because of the indisposition of Assistant Prosecutor Berry.

When court reopened this morning the Appellate court's discharge on Thursday of the writ of prohibition sought by the defense was recorded. The Appellate court failed to sustain the contention of the defense that Judge Lawlor should not hear the case because he had violated the sixty-day provision favoring the defendant.

JAIL BREAKERS OF LOS ANGELES ARE HUNTED BY 100 MEN

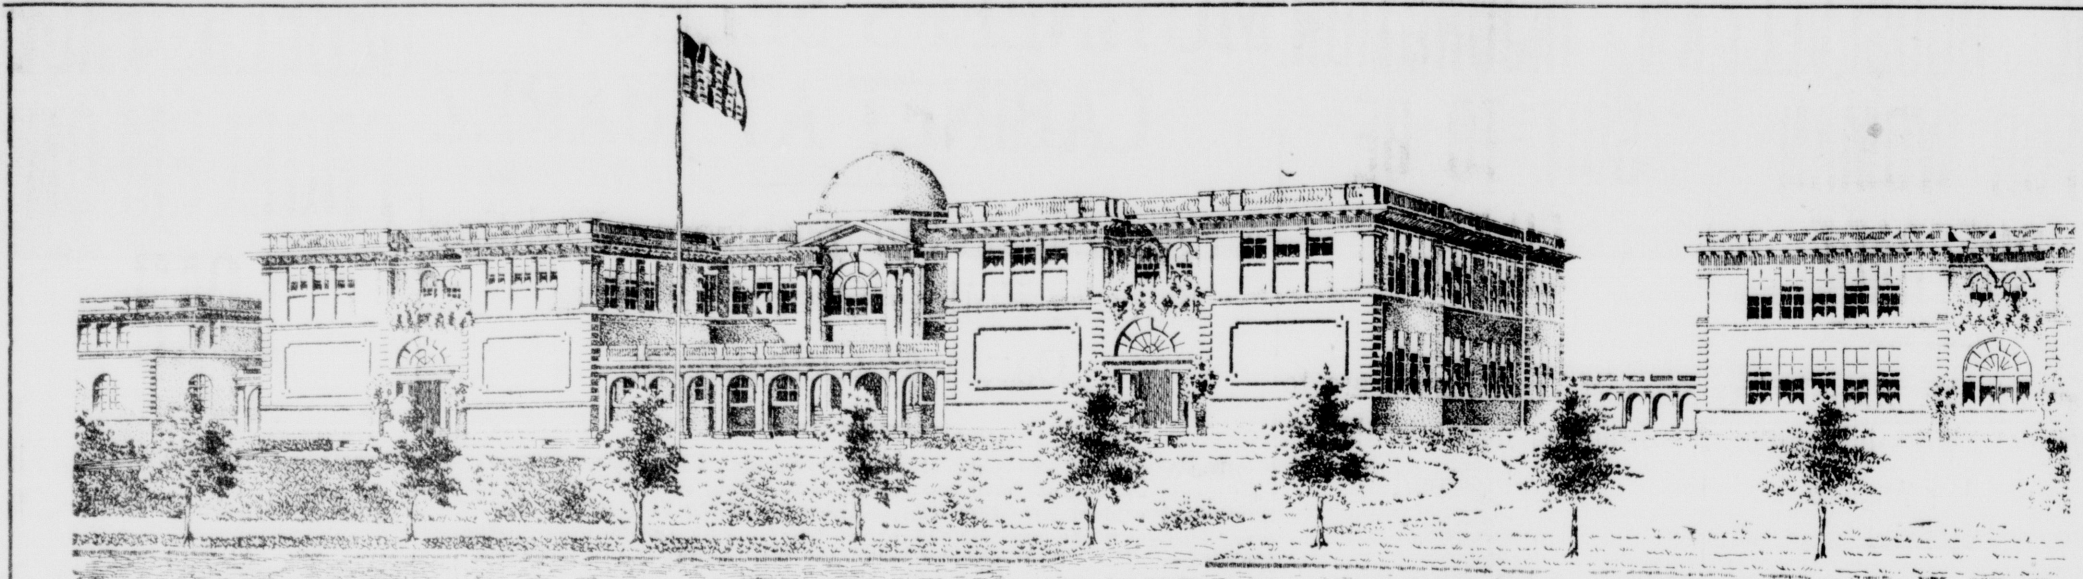

LOS ANGELES, Feb. 2.—One hundred police are searching for Frank Smith, John Hall and J. Campbell, minor offense prisoners at the city jail, who smashed a temporary cell door, found a crowbar in the corridor, jimmied their way to freedom, and fled, the guards pursuing. The chase led through lumber yards to the wholesale district, then to the river bed, when the men disappeared.

Proposed Building for Santa Ana's New Polytechnic High School

PRELIMINARY SKETCH FOR POLYTECHNIC HIGH SCHOOL. A. BURNSIDE STURGES, ARCHITECT. The above reproduction of the architect's drawing of the Santa Ana Polytechnic High School is given here through the courtesy of the High School Ariel. It shows the three buildings provided for—the main structure, the domestic science building and the machine shops. All buildings will face north.

SIX GARAGES ON NORTH MAIN STREET

Vegely's Nearing Completion,
and Contracts Signed for
New West End

JANUARY IS FAR
AHEAD OF 1911

Good Rain Would Increase Ac-
tivities—Reservoir a Ma-
terial Improvement

That the day of the automobile is here is evidenced in the office of Building Inspector Roper by numerous permits for residence garages. There were seven such permits in the last month, and there was one permit for \$4500, for the new business garage nearing completion on Main street, to be occupied by the owner, Frank Vegely. The addition of this garage to the Main street block between Second and Third adds to the businesslike proportions of that block. It is but a little time back since Main street south of Fourth began its steady growth. In the last three or four years the Santa Ana Produce, the Bell Theater, the Main Garage, the line buildings at the southwest corner of Third and Main have been added to the street. Main street already has four gar-

ages—Harper's, the Main, Congdon
Bros. and the Cadillac. Frank Veg-
ely's garage is nearing completion,
and but last week permits were sig-
ned for a fine new garage for the West
End company at the corner of Sixth
and Main streets.

A Big Month
If the pace set by January is kept
up for the entire year, the building
permits for 1912 will be more than
a million dollars. January, 1912,
had three times the amount re-
ported by the permits issued in Janu-
ary, 1911. If 1912 should have three
times as much building as 1911 the
total would be more than a million
and a half.

There were fifty-three permits is-
sued in January of this year, a total
of \$63,840, as against thirty-two is-
sued in January, 1911, with a total of
\$29,540.

A large share of the permits of
last month—over half of them—
were for new homes, and that alone
speaks a lot for the general tone of
the city's progress.

One may ride down any street in
the city, and to the right of him and
to the left of him as he goes he will
see new structures. To one who has
not noted this all-over-the-city pro-
gress, it would be well worth while
to take a journey over the residence
portions just to see what is going on.
"A good rain right now would in-
crease building operations," said
Building Inspector Roper this morn-
ing. "Things are moving right along
as it is, but a good rain would be the
means of deciding a good many pros-
pects."

\$20,000 Reservoir
The city is nearing the end of the
construction of its \$20,000 reservoir
on Olive street. The pipeline con-
necting the new reservoir with the
old one on West First street is al-
most finished. The workmen are
digging the trench on West First
just west of the water works.

"As yet," said Roper, "the reser-
voir has not been counted in our
building permits. The sum of \$20,
000 will add materially to the total,
probably for February."

The reservoir has been building
under the direction of Water Super-
intendent Reid and the city trustees,
and no money has been wasted in
making this material improvement to
the municipal water plant.

More Residences
Heninger Brothers have commen-
ced the building of a new residence
in the southwest part of the city.
Fred Ross has bought a lot on South
Main from Dr. Talcott, and will
build a residence upon it. Mrs. Em-
mett and Miss Florence Smith have
each bought a lot near the Gist
tract, and will build houses upon
them. H. G. Dean has commenced
the erection of a residence on lots
recently purchased by him on South
Main.

The foundation is laid for a new
residence in the Wakeham tract, for
Ashby Turner.
Finishing touches are being put on
L. J. Carden's new \$2000 house at
the corner of French and Well-
ington, and True & Wilson have com-
pleted the foundations for the new
\$4250 residence of O. M. Robbins one
block east of Carden's new residence.

WILL SUBDIVIDE LAND ON THE CREEK

Orange Post: H. F. Gardner is
preparing to subdivide into lots the
south ten acres along the Santiago
creek, on which he will build cot-
tages to sell to working people. The
Chinese house will be moved back
to the west side of the tract and neat
cottages built along Graceland street.
His intention is to begin with three
or four cottages and build as fast as
they are sold until he covers the
tract. There is room for about 40
such homes. He is also considering
plans for a fine residence for himself.

CITY PROPERTY FOR RANCH
Orange News: R. E. Dreyer has
exchanged his handsome residence
property on North Glassell street for
the G. W. Lathrop ranch on Main
street, where he will move his fam-
ily within the next month to take up
fruit growing.

The Lathrop ranch comprises six
acres of apricots, peaches and plums.
The Lathrop family expects to move
to Merced, where they own property.

The People's New Laundry.
Gentlemen—your laundry work is
very satisfactory. Please call again
next Monday morning for our family
wash.

MRS. POCAHONTAS SMITH.

BIG REALTY DEALS IN OUR NEIGHBOR COUNTY, RIVERSIDE

(FROM THE RIVERSIDE PRESS.)
**NAT GOODWIN SELLS
FULLERTON PROPERTY**

SAN JACINTO, Feb. 2.—Nat. C.
Goodwin spent a short time in San
Jacinto this week inspecting his
property here. He reported that he
recently sold his big orange grove
at Fullerton for \$125,000. He is an
enthusiastic as ever about his San Jac-
into holdings and declares that as soon
as his New York theatrical engage-
ment is completed he will return to
San Jacinto to personally take charge
of the work of developing his ranch.
This work includes the planting of
a large orange grove, erection of a
residence and a vast amount of land-
scape gardening.

FINE ALFALFA RANCH SELLS FOR BIG PRICE

The sale this week of a 190-acre
alfalfa ranch in the Perris Valley
for the sum of \$60,000 marks one of
the largest transactions of the year
in acreage property in this section.
A remarkable feature of the transfer
is the fact that it has been turned by
the same agency three times in less
than two years, the advance over the
first sale being something more than
70 per cent.

The ranch in question is located
half a mile southeast of Perris, and
was purchased from W. W. and B. C.
Bartlett by Henry McKee of Los
Angeles. The deal was made through
the agency of D. B. Jordan of this
city and H. M. Hartley of Perris, who
have handled thousands of acres of
Perris alfalfa land.

COLD SNAP DIDN'T SCARE ANYBODY

Redlands Facts: Redlands real es-
tate is moving splendidly. There was
some doubt, after the last freeze,
whether or not orange groves would
be ready buyers this year, but the
result has been that the facts pre-
dicted after an investigation of the
breadth and length of the frosted
section, namely, that Redlands had
suffered the least of any district in
the South, and our orange groves
would appreciate in price, rather
than depreciate.

There was property in the Red-
lands district exceeding \$300,000 in
value turned in real estate deals this
past few days. Most of the sales
have not yet been reported. They
are not complete, but lack only the
passing of the final papers. The
deals are made, and the buyers are
so well satisfied with their properties
that they have advanced the prices.
This is a plain statement of
facts. Hardly a real estate firm in
the town but has one or more sales
to its credit in the week just closed.
Some have several is of orange
groves. These have changed owner-
ship at good prices—prices which
were not lowered because of the cold
spell of a month ago.

Every realty man in the city is
looking forward to four months of
activity now. Redlands groves have
come through the depression in fine
shape, the crop is good, the loss by
frost small, and the orange grove in
the Redlands district as an income
producer cannot be assailed. Men
who have owned groves for many
years are adding to their holdings.
New men of good judgment see in
the orange growing business—in
Redlands—an opportunity for safe in-
vestment and excellent returns on
their money.

EXCHANGES RANCH

Orange News: The J. H. Meyer
20-acre orange grove on East Sev-
enteenth street, changed hands yester-
day in a deal consummated by lo-
cal real estate men. The ranch was
exchanged to J. B. Anderson of Long
Beach, for a business block in Man-
hattan, Kas.

The deal was handled by Barnett
& Co. and Hoge & Edwards.
—Phone us your orders for Teas,
Coffee, Spices and Cereals and they
will be delivered promptly. Premium
coupons given. American Tea Co.

PAYS \$65,000 FOR RIVERSIDE GROVE

Real estate men declare that not
in years has there been such active
demand for high grade orange prop-
erty in Riverside as at present. Tangi-
ble evidence of this condition is
found in the numerous sales of high
grade orange property. What is prob-
ably the largest sale of the week
was made by the firm of E. P. Taylor
and Company, who sold for Dr. Ar-
thur Brown, his 31-acre orange grove
on Mary street to L. H. Mitchell, now
a resident of Los Angeles, for \$65,000.
The property is one of the choicest
on Arlington Heights, comprising a
14-year-old grove, nearly all navel,
and a beautiful home. This is set
off by elaborate and charmingly laid
off grounds on which several thousand
dollars have been spent by the owner.
The recent frost left the trees un-
harmed, and the high elevation is be-
lieved to be as nearly frostless as
possible.

TO IMPROVE FINE RESIDENCE TRACT

The Evans brothers have in con-
templation further improvements in
the vicinity of the River Crest tract
that should result in the rapid devel-
opment of that slightly residence sec-
tion. Within the next year or two
probably in the neighborhood of \$75,
000 will be expended in improve-
ments involving parking, road build-
ing, ornamental lighting and resi-
dence building.

NEW BLOCK WILL GO UP AT BALBOA

Newport News: The new business
block being built on Palm street at
Balboa is the most substantial build-
ing to be put up in that part of the
city since the erection of the pavilion.
The new Collins block will extend
from Bayview avenue to the edge of
the bay, two stories high and is being
built in a most substantial manner.
It will have a concrete finish the same
as the Harding block on Main street.
The south half will be occupied by
Way & Driggers with a general store
that will carry a full stock of goods
in hardware, dry goods and groceries
and this part is being rushed to com-
pletion so that the present store oc-
cupied by the firm can be torn down
to extend the building north to the
bay.

The two story Meurs building which
was moved to the lot adjoining the
hotel this week is new and is a valu-
able appearance to the business and
appearance of Main street. Mrs.
Meurs will conduct a meat market on
the ground floor.
The new fire bell has been installed
in the steeple of the pavilion where it
can be heard for a long distance.

CHICAGO MAN HAS BOUGHT AN ORCHARD

Orange News: The C. R. Staples
50-acre ranch, situated two and one-
fourth miles northwest of Orange, has
been sold to Calvin J. Gregg of Chi-
cago, who has for a number of years
been connected with the detective
force of that city. Mr. Gregg is a
brother of W. M. Gregg who recently
resigned as city trustee and removed
to Santa Ana.

Calvin J. will take immediate pos-
session of his fine ranch, which is now
improved with a building 50 by 60
feet, and a splendid pumping plant of
100 inches capacity. The land is all
leveled and piped for irrigation and
lemon trees ready for planting in
the spring. Numerous chattels were
included in the deal, and the price
paid was near \$20,000. S. M. Cradick
made the sale.

NOTICE TO HUNTERS
—McFadden's pasture is closed to
hunters. Any person caught hunt-
ing in either pasture will be prose-
cuted. This means YOU.

**Dr. H. M. Robertson, Physician and
Surgeon.** Office Cor. Third and Main,
opposite City Hall. Both Phones.

RECORDS FOR NEW WATER TAPS BROKEN MONTH OF JANUARY

A new water tap is a signifi-
cant thing. It almost certainly
means that there is a new
building going up.
During January the water
works department made con-
nections for seventy-three new
water taps, and thereby broke
all records for the office in that
regard.
Nearly all of the water taps
are for new residences.
At times during the month
the requests for connections
piled up so fast that it was
with difficulty that the depart-
ment attended to the needs of
the growing city promptly.

BUILDING NOTES

To J. W. Inman, addition at 614
West Fourth, \$30.

To F. T. Hendling, with R. S. Sum-
ner contractor, story and half 6-
room cottage at 106 South Broadway,
\$2500.

To W. S. Harris, barn at 1426
West First, \$60.

To Peter Wickhorst, 4-room bun-
galow and a garage at 115 South
Main, \$1675.

To Herbert Michel, garage at 609
E. \$60.

To H. E. Finster, with Ramsey &
Mitchell contractors, cottage and
garage at 211 South Birch, \$2000.

To J. Mitch, with W. C. Hutton
contractor, 3-room cottage at 1621
West Fifth, \$500.

BUILDING OPERATIONS ESPECIALLY ACTIVE

Placentia Courier: Building con-
tinues apace in Placentia and con-
tracts and prospects for further ex-
tensive improvements are developing.
The business at the lumber yard so
far this month has been far greater
than ever before in its history and
will be over \$2000 greater than any
previous month if the present rush
continues.

Eugene Allee is building a modern
ten room house on Main street. There
are seven rooms on the first floor
and three on the upper. It will be
plastered, have a brick porch and
stone fence around the garden. The
lower story has been leased by J. A.
Poor.

Ben Kraemer is completing a five-
room bungalow near the new club
house.

The R. J. Laidlaw residence is un-
der roof and ready for the inside
finishing.

J. N. Gregory was in Placentia
Wednesday getting bids for the erec-
tion of a two story pressed brick
building 80x22 on West Santa Fe av-
enue. This will contain six two-room
and one three-room flat above, a
storeroom and two two-room flats on
the ground floor.

B. M. Baker will erect a two-story
annex to his present building, using
the first floor for a moving picture
show and the upper for lodging pur-
poses.

Hotel Haynes Changes Hands

Orange News: The announcement
of the sale of the Hotel Haynes was
made today by the owner, C. A.
Haynes. The hotel has been pur-
chased by C. C. Holland of Hemet,
who will personally manage the hos-
tel. In the deal, through which Mr.
Haynes acquires property at Hemet,
is also included the Golden State
greenhouse on South Pixley street.
Mr. Haynes retains from the green-
house all of his deciduous nursery
stock which will be otherwise dis-
posed of.

A ten-acre fruit farm, consisting of
peaches, apricots and walnuts, with
several city lots, is the Hemet prop-
erty considered in the exchange,
which will take effect as soon as pos-
sible.

AT THE COURT HOUSE**ASK GOVERNOR FOR A JUDGE**

West is Setting Cases in May
With Expectation of

Zuniga's Trial Will be Taken
up Feb. 15 as it was
Originally Set

Superior Judge Z. B. West is going to appeal to Governor Johnson for aid in securing another superior court judge to hold court here during May, for that month giving this county two judges.

The reason for the appeal is that the court calendar is crowded, and litigants and attorneys find it impossible to get their cases to trial. Criminal cases take precedent, and a large share of the time of the court for the last year has been taken up in trying criminal cases. There are a number of felony cases awaiting trial. Civil cases are set as far ahead as next October, with the prospect that they will have to be shoved still further ahead to give way to criminal trials.

This morning the \$25,000 damage suit of Mrs. Miller against the Southern California Sugar Company, brought as the result of the death of an employee of the factory, was up for setting for trial.

"I will set that case down for May 25th," said the judge, "and I shall ask the Governor to provide us with another judge. I am setting a number of cases on the same dates in that month with the expectation of getting help. If the Governor and I together are unable to get a judge for that month, these cases will have to be reset for later dates."

Must go to Trial
This morning Judge West stated that Attorney Harding, representing Valentine Zuniga, charged with assault to kill, had stated that he had a Los Angeles case set prior to the Zuniga case and for the same date, Feb. 15. Attorney Bishop stated that the Los Angeles case was set but two days ago. Judge West gave instructions to the clerk to notify Zuniga's attorney that Zuniga's case would be taken up Feb. 15.

Will be Filed
The will of Franklin B. Chapin, who died here on Jan. 24, was filed for probate today, together with a petition for letters of administration. The widow, Ellen M., is the petitioner. The will leaves the entire estate, valued at \$3800, to the widow for use during her life-time and on her death it is to go to an adopted daughter, Henrietta Premall. E. T. Langley and J. M. Talbot witnessed the will on Nov. 25, 1911. Langley is attorney for the petitioner.

Remember the name—Doan's—and take no other.

IN THE JUSTICE'S COURT**UP AGAINST PAST RECORD**

Prior Conviction is Alleged in
New Complaint
Filed Today

Olinda Woman Demands Jury
for Her Trial on the
Eight-hour Law

P. R. Stock's past record was mentioned in a complaint filed in Justice Cox's court today. The complaint charges that on May 31 last he passed a check for \$129 on Dean's Hardware Co. at Fullerton, having no funds in the First National Bank of Anaheim, on which it was drawn, to make the payment. The complaint states that Stock was convicted in Walla Walla, Wash., on Nov. 20, 1908, of passing a no-fund check. Stock is awaiting trial in the superior court on April 1 for defrauding an Anaheim bank out of \$11,000.

Identifies Wheel
V. Robinson has identified the front wheel of the bicycle taken from Inez Juarez as the wheel of a bicycle stolen from him. Juarez was trying to sell the bicycle when he was arrested by Constable Heard. Juarez's trial for petty larceny was today set for Feb. 15.

Asks for a Jury
This morning Attorney Marks of Fullerton gave Justice Cox notice that Mrs. Babbitt of Olinda, arrested yesterday on a charge of violating the eight-hour law regulating the employment of women, would want a jury for the trial of the case on Feb. 9.

ECZEMA SUFFERERS HERE IS GOOD NEWS

INSTANT RELIEF
FOR 25 CENTS

HOW IT WORKS

It will be remembered that the Register commented the law passed at the last regular session of the Legislature permitting judges of the superior court to commit for two years to insane asylums, persons who by the alcohol or drug habits have lost control of themselves. Charges must be preferred against such persons as if they were insane, and a regular trial is given them.

How the law is working in Southern California is told by Judge Hutton of Los Angeles. He says:

"I have sent about 74 men and women to the state asylum at Patton, and I make it a practice to visit them every few weeks.

"The law allows me to parole those who show signs of improvement within six weeks. Some friend or guardian must apply for this parole. Often the unfortunate victims have run such a course that they have no friends left, and I myself take such paroles, and constitute myself their guardian. Today I gave freedom on parole to six men and a woman. They were sentenced to two years as are all, but at the end of a few weeks they had come to their senses, and were anxious to get away from the environment.

"The contemplation of the law is that when a man or woman has so far lost grip that he or she cannot stop taking liquor or drugs, it is the duty of the state to shut them away from temptation, and to seek, by forcing them to lead a regular life, to restore them again to their natural selves.

"I am in charge of the examinations of insane people and of these others, and I have learned much of their ways. I find that to parole a man or a woman after some weeks at the asylum, with the distinct understanding that they will be returned to the asylum for the full period of two years, if they take a drop of alcohol or touch a drug, has a tremendous deterrent effect.

"It usually cures them when coupled with the requirement that they must report every week or so to a guardian and prove that they are not yielding to their cravings for stimulants."

MUNICIPAL AFFAIRS

Working for Playgrounds: The University Extension department of Kansas is agitating for municipal playgrounds in the cities of that state and for other civic improvements.

Trust Funds in Boston: The city of Boston is holding bequests and trust funds of various sorts amounting in total to \$8,000,000. The earliest dates back to 1674.

Cost of Campaigning: Brand Whitlock was recently elected Mayor of Toledo for the fourth time. He says that he did not spend one single cent on his campaign. Politics can be done that way, in spite of all the old stagers' assertions to the contrary. But it is necessary that the people should really desire the candidate's election. As a rule, in the cases where a lot of money is spent, it means either that the people are lukewarm, or that they are against the person in whose behalf it is used.

Cincinnati Parks: Cincinnati, which has always been backward in the matter of schools and parks, recently voted a million dollars worth of bonds for parks. Sixteen new parks have been acquired since the beginning of the year, and the city has in all 31 parks and playgrounds, making a total system of which the city may well be proud.

Cheaper Gas in Chicago: The superior court of Cook County holds that 75-cent gas, to be followed the second year by 70-cent and then by 68-cent gas, will not interfere with the company from earning a fair return on its investment. The injunction is refused and the ordinance stands.

Cutting Down Billboards: The city council of San Antonio, Texas, has passed an ordinance forbidding billboards within sight of any public park or boulevard or municipal building.

A Lively Artesian Well: Dallas, Texas, has an artesian well 2500 feet in depth, from which the water comes under a pressure of 110 pounds, which is nearly twice that of a fire engine. With a pipe of two inches diameter the water will rise to 250 feet.

City Hydro Electric Plant: Sturgis, Michigan, recently celebrated the opening of its hydro-electric plant built at a cost of about \$250,000, which will supply the city with 3000 horsepower to be used for lighting and power.

Rich Yield of Dirt: Louisville had a clean-up day inaugurated and superintended by a woman's organization, and 1700 wagonloads of dirt were carted off to the dump. Judging

by the supply, the demand must have been potent.

City Electric Plant: Winnipeg in the far north, one of the coldest and yet most progressive cities of the world, has just finished an electric plant in the Winnipeg River that will develop 60,000 horsepower. The cost was \$5,000,000.

Mission Lamp Posts: Riverside, California, has recently installed a number of concrete lamp posts, the upper part of which resembles a bell-fry with the lamps hung in the place of bells. The design is by Frank Miller of the Glenwood.

Municipal Conduit System: Cleveland is considering a plan for a municipal conduit system which shall contain all the lighting, telephone and telegraph wires on rentals. The best example of a system of that kind is to be found in Baltimore.

Woman Inspector of Food: The Civic League of Terre Haute, Indiana, is asking for the appointment of a woman food inspector, claiming that this is a line of work for which women are especially adapted.

Inclined Plane Instead of Steps: The new schools in process of construction in Spokane, Washington, use the inclined plane in the place of steps as has been done in many theaters.

Inter-city Boulevard: Detroit is planning a great boulevard running along the river to the south with its ultimate destination in Toledo. Lands are being acquired to flank the boulevard with parks.

Commission Form: Vancouver and Olympia, Washington, recently rejected the commission form and Oshkosh, Wisconsin, accepted it.

GROWS HAIR ON BALD HEADS
Bald-headed People May Get a New Chance in Life

In these days when youth is the moving factor in business, when a man makes his mark at thirty-five and is ready to retire at forty-five, when business houses pension the man we call "middle aged" rather than allow his lagging influence to intrude upon the commercial rush, a bald head is almost fatal to any man's hopes. The following must therefore prove interesting to people who are losing their hair or who are bald.

Resorcin is one of the latest and most effective germ killers discovered by science, and in connection with Beta Naphthol, which is both germicidal and antiseptic, a combination is formed which destroys the germs which rob the hair of its nutriment, and also creates a clean and healthy condition of the scalp, which prevents the development of new germs.

Pilocarpin is a well-known agent for restoring the hair to its natural color, where the loss of color has been due to a disease of the scalp. Yet, it is not a coloring matter or dye.

This combination of curatives mixed with alcohol as a stimulant, perfects a most effective remedy for hair and scalp troubles.

The famous Revall "93" Hair Tonic is chiefly composed of Resorcin, Beta Naphthol, and Pilocarpin. It helps to make the scalp healthy, to nourish the hair, to stimulate the follicles where the hair is already bare, it enters the follicles, revitalizes the roots, supplies nourishment, and stimulates a new growth.

We want you to try a few bottles of Revall "93" Hair Tonic, on our personal guarantee that the trial will not cost you a penny if it does not give you absolute satisfaction. That's proof of our faith in this remedy and it should indisputably demonstrate that we know what we are talking about when we say that Revall "93" Hair Tonic will grow hair on bald heads, except, of course, where baldness has been of such long duration that the roots of the hair are entirely dead, the follicles closed and grown over, and the scalp is glazed.

Remember, we are basing our statements on what has already been accomplished by the use of Revall "93" Hair Tonic, and we have the right to assume that what it has done to hundreds of others it will do for you. In any event you cannot lose anything by giving it a trial on our liberal guarantee. Remember, you can get Revall Remedies in this community only at our store—The Rexall Store, Wheeler and Mateer, 104 West Fourth Street.

WATER SYSTEM EXTENSION BEGUN FOR YUCAIPA VALLEY

REDLANDS, Feb. 2.—Three cars of steel pipe for the Yucaipa Valley water system have been received from Los Angeles and are being hauled to the valley. Fifty thousand dollars is to be spent in the extension of the valley water system this year, so that water can be put on all of the lands now platted.

METHODISTS MAY TAKE DOWN BARS FROM AMUSEMENTS

MINNEAPOLIS, Minn., Feb. 2.—The vexed question of raising the taboo from dancing, card playing and theater going which has agitated the Methodist Church for the past twenty years, will probably be settled at the general conference of that denomination to be held in this city in May. The conference will begin on May 1 and will be attended by delegates from all parts of the world where Methodism exists. It is expected that this meeting will be a vital one in the history of Methodism.

MAN-HUNTERS OF SOUTH WILL DINE IN LOS ANGELES

Los Angeles Times: A "get together" dinner is to be given at one of the leading hotels on Washington's Birthday by Chief Sebastian to every chief of police, sheriff, town marshal and constable in Southern California. The object of the dinner is to make all the peace officers acquainted. At the dinner speeches will be made urging all to work harmoniously.

PIER AT VENICE WASHED OUT BY THE HIGH TIDE

VENICE, Feb. 2.—The Center street pier was washed to sea and the supports upholding the platform at the Playa del Rey pier were greatly weakened by the exceedingly high tides yesterday morning.

DRUMMER WON OUT IN REVOLVER WAR WITH INN BURGLAR

OXNARD, Feb. 2.—Charles Graham, a drummer, with a revolver battled with a burglar at the Bungalow Inn at Fillmore.

He overpowered the burglar, Jim Kelley, and recovered loot worth several thousand dollars, stolen from the inn guests.

Cracker Lunches
New York city alone has nearly 750,000 children attending the public schools. What a splendid opportunity to provide this vast army of healthy youngsters with a wholesome and appetizing cracker lunch, done up in a neat package and still cheap enough to be within the reach of even the poorest parents.

We once saw one of these cracker lunches as got up by a large biscuit concern in Germany. The paper box contained six delicious crackers with a marmalade filling, and there was an empty compartment for a nice red apple or a couple of plums, which of course were added by the mother of the child. These school lunches, exclusive of the fruit, were sold at 5 pennings, or about 14 cents.—Baker's Weekly.

Manila on the Map
The decision of the North German-Lloyd Steamship company to make Manila a port of call for its steamers plying between Bremen and Yokohama puts Manila on the map of the world in the view of the globe trotters who have up to now passed no nearer than Hongkong.

The Cablenews-American observes that it is the business future of the Philippines that causes the North German-Lloyd line to send its steamers to Manila. At any rate, the business outlook should be helped by an improvement in transportation facilities that will bring many more travelers to Manila and give it a good deal of free advertisement.—Louisville Courier-Journal.

Poor Conversationalist
"Is your husband a good after-dinner talker?"
"No, indeed. As soon as he's had dinner he lies down on the couch and falls asleep and I never get a word out of him."

10,000 JOBLESS IN 'FRISCO DRAWN BY PROPOSED BIG FAIR

SAN FRANCISCO, Feb. 2.—San Francisco is overrun with forty thousand jobless people, gathering here following the exploitation of the Panama-Pacific Exposition. The unions are advising their members to stay away. Twenty thousand applications have been made for exhibition jobs. Four thousand of these were from women.

SOUTHERN CALIFORNIA BOYS WILL DEBATE FOR STANFORD

STANFORD UNIVERSITY, Feb. 2.—E. Tinscher of Long Beach, K. E. Leib of Spokane, Wash., and E. C. Smith of Azusa, have been named as the intercollegiate debating team to meet a team from the University of California in the Carnot debate. Warren Tucker, Jr., was selected as alternate, the selections being determined by a competitive try-out.

S. P. STATE TAXES AMOUNTED TO MILLION AND QUARTER

SACRAMENTO, Feb. 2.—A procession of closed expressed wagons conveyed one million and a quarter dollars in gold from the California National Bank to the capital today. The money represented the Southern Pacific's state taxes for the year. The gold weighed four thousand pounds.

Santa Ana Painless Dentists, 102 1/2 East Fourth St. Main 253.

Readily Answered
Sir Edward Carson, famous British lawyer, was noted for his ready wit. On one occasion in court, when the judge, with whom he had had more than one passage of arms, pointed out to him the discrepancy between the evidence of two of his witnesses, one a carpenter and the other a saloon-keeper, he answered: "That's so, my lord. Yet another case of difference between bench and bar."

Santa Ana Painless Dentists, 102 1/2 East Fourth St. Main 253.

Temporary Removal
Orange County Savings Bank

After Saturday, Nov. 25th, the Orange County Savings Bank will be open for business in their temporary quarters at 414 North Sycamore street while their new fixtures are being installed in their new building.

Orange County Savings Bank.

Doings In Social and Club Circles

Progressive Whist

Mr. and Mrs. Frank Remsburg charmingly entertained last night with a progressive whist party. Mrs. Henry Rutherford and Fred Ross winning first prizes. Mrs. Hiram Connell and W. A. Huff, second prizes and consolations going to Mrs. Ben Turner and O. K. Forgy. There were thirteen tables of players.

Decorations were of pink and white, hyacinths being the flowers used. Covers were laid for the host and hostess, the honored guests, and Mr. and Mrs. T. B. Tyreman, Mr. and Mrs. Scott Yoingling, Mr. and Mrs. J. W. Blee and Ben Blee.

At Mrs. Schonberg's

Yesterday afternoon the ladies of the Catholic church met at the home of Mrs. W. J. Schonberg on North Main street.

The usual good time that these ladies have in their society meetings was enjoyed yesterday, as they busied themselves with sewing for the church interests. The afternoon was hospitably closed with the serving of an elaborate collation by Mrs. Schonberg.

BAKER SELLS INTEREST IN DRAGON TO HIS PARTNERS

W. D. Baker has sold his interest in the Dragon Confectionery Company to his partners, F. W. Fuller and C. V. Davis. He will rest awhile before going into other business. He sold on account of his health, but does not expect to leave Santa Ana.

Electric Are Winners

The Electrics played the crack McBurneys to a standstill in a match game played at the box ball alleys last night, defeating them in three straight games. The McBurneys did not roll up to their standard game.

Snow carried off the high average of 199 and Vance carried off high score honors, his score being 230.

CONSTIPATION

clogs the system, throws all the impurities into the blood and brings on such diseases as rheumatism, kidney, liver and bladder troubles and nervous debility. Brackett's System Builder is the greatest permanent cure for constipation known today. It cleanses the circulation and so tones up and nourishes the intestines that the cause of constipation is entirely removed. It is a "pleasant-to-take" herb tablet, entirely free from habit-forming drugs. Get it today. All druggists, 50 doses 50c; six boxes \$2.50.

Wheeler and Mateer, special agents.

NOTICE

The Dorn, Haroldi, Ross concert, the last number of the Baraca-Beymer Course, will be given Friday evening, Feb. 9, instead of Friday, Feb. 2.

Our business is enjoying a healthy growth and there is a reason for it. Telephone and our driver will call. THE PEOPLE'S NEW LAUNDRY, 901 East Fifth Street. Both Phones.

DIED

MOESSER—In Los Angeles, Jan. 31, 1912, J. H. Moesser, aged 76 years. Funeral services will be held tomorrow, Feb. 3, at 11 a. m., from Smith and Son's chapel.

The deceased was a long time resident of Santa Ana before going to Los Angeles, and several members of his family are still living here, including Mrs. John Avas, his daughter, and Henry A. Moesser, a son. Mrs. G. W. Page, Los and Will Moesser of Los Angeles and Fred Moesser are also daughter and sons of the deceased.

Personals

Mrs. A. L. Dearing and her cousin, Miss Sadie Patton, of Manhattan, Kansas, visiting at the Dearing home, went to Long Beach this morning to spend the day.

Mrs. F. B. Chapin just returned from a few days' visit with relatives at Whittier.

Rev. H. E. Murkett, pastor of the First Methodist church, will be in Las Vegas, Nevada, on Sunday to preach a dedicatory sermon there.

Rev. A. F. Stem, Mrs. W. H. Spurgeon and Mrs. Hill from the Spurgeon Memorial church, went to Los Angeles today to listen to the great evangelist, Gypsy Smith.

Reginald Cayce and wife passed through here today on their way to Los Angeles from San Diego, making the trip in an automobile. Since leaving Santa Ana permanently, Mr. Cayce, who was formerly with the Blade, has been in Australia and other points abroad.

Fred Rafferty was a traveler to Los Angeles via the electric line this morning.

H. H. Dale and wife of Oshkosh, Wis., have arrived here for permanent residence. Mr. Dale is a son of D. A. Dale and will be associated with his father in the hardware business.

J. C. Thomas, who has been seriously ill for the past six months, is improving rapidly much to the pleasure of his friends.

Mrs. R. M. Price spent today in Los Angeles.

Miss Velda Medlock was a visitor a Los Angeles today.

Mrs. L. Harlan of 116 East Washington avenue, spent today in Hollywood visiting her brother.

S. W. Smith was a business visitor to the City of the Angels today.

Mrs. George Balderston made a trip to Los Angeles this forenoon.

D. G. Cole was among the business men who visited Los Angeles today.

B. Utley was a business visitor to Los Angeles this morning.

Mrs. Anna Henderson of Saskatoon, Saskatchewan, Canada, arrived here yesterday to visit her daughter, Mrs. George McPhee.

Mrs. R. J. Blee and her guest, Mrs. Ida Gorton of Paw Paw, Ill., went to Los Angeles this morning.

Miss Constance Mann is entertaining her friend, Miss Anna Walker, at the ranch home of the Manns at Newport.

Mr. and Mrs. Herbert Cleaver are the guests of Mr. and Mrs. L. P. Hickox and are calling on other old friends while here for a few days.

Mr. and Mrs. J. H. Brown of Tustin went to Los Angeles this morning to remain over Sunday, expecting to attend the Gypsy Smith meetings while in the city. They were accompanied by Mrs. A. R. Dresser and Mrs. C. E. Hatch, who will remain in the city till tomorrow. They will also hear the famous evangelist.

Mrs. R. C. McDonald, wife of the principal of McKinley school, has returned from an extensive visit with her parents at San Jose. Mrs. McDonald was called home by the illness of her father, who has now recovered.

Geo. F. Reed and family, of Albuquerque, N. M., are here visiting Mr. Reed's sister, Mrs. H. O. Albach, of Grand avenue. They expect to make this their future home.

FOUR MILLION POST-CARDS

The Southern Pacific has announced that February 23 has been set apart as "Invitation Day" for 1912. As last year the company will prepare four million post-cards with representative scenes of all the counties. These cards will be made double with the return portion addressed to the Chamber of Commerce of the county represented thereon. Each card will also bear an appropriate invitation with the expectation that every man, woman and child in the state will send at least one such card to a relative or friend outside the state, suggesting that the recipient come to California now. The railroad company is working in connection with civic organizations and every other institution interested in boosting the state, all of which will be supplied cards for distribution. February 23 has been decided upon in order to give the people a chance to avail themselves of the low colonial rates in effect March 1 to April 15. The post-cards will be furnished free.

Card of Thanks

We wish to thank the many kind neighbors and friends for assistance in our bereavement. Especially do we thank the members of the G.A.R., I.O.O.F. and Rebekahs for assistance and beautiful flowers.

LOST—Gold beauty pin, gold bar 1 1/2 in. long, engraved design. 630 South Main street.

ATHLETES ARE WORKING OUT

Lots of Good Material Shows up in Practice as Lincoln Park

High school athletic interest centers in the track meet with Whittier high next Saturday. Tomorrow opens a schedule of good meets. Manager Hubert Schenck has arranged dates with Long Beach, Huntington Beach, two with San Diego, and the Orange county meet will be held at Santa Ana this year. In addition to these a relay team may be entered at Boyard Field on the 22nd, and should some "phenoms" be developed they may be sent to the great meet in the north in April.

There is some good material for a team at work at Lincoln Park. Capt. Foutz, Ec Lacy and Homer Robinson look good for the "50," with Youngman taking Foutz's place in the "100." Youngman is a recent comer from the land of "Texas leaguers." He looks to be the real thing in both track and baseball.

The above named bunch will look after the "220," while "Shorty" Smith, Jacobs and Deaver will take care of the "440." In the distance runs Atkinson, Bates and West will be the "big smoke." The first named has been showing fine form in the mile in this week's practice. Bates has been "up too late all week," but will try to be ready for tomorrow's "880" and mile. West has been hurdling and vaulting and isn't in as good condition as either of his mates, but he'll be in at the finish and will give a good account of himself in his other events.

The high hurdles will be left to Schenck and West and the lows to Foutz, Youngman and Schenck.

Barker, Pollard and "Shorty" Smith will put the shot and Youngman, Cain or "Brick" will take Smith's place in the discus. Youngman, Jacques, Tom Lacy, Deaver and Cudde are entered for the broad jump, while Lacy, McPhee and Smith are listed for the "high." West, "Chillie" Swanner and Capt. Foutz are down for the pole vault. The relay team will be chosen from Foutz, Ec Lacy, Robinson, Smith and Youngman.

The track team has been weakened by Newcomer's withdrawal from athletics. Jack was the speedy man in the "220" and was counted on for the "100" and also for a lap of the relay. There is yet some hope that he may be persuaded to "come back."

The meet will be called at 2 p. m. Whittier is reported to have some speedy men; at any rate it will be a meet worth while. Mr. Hamilton, the county Y.M.C.A. secretary, will act as starter and referee. The new high school band will be there. Better come.

Baseball Manager "Little Spud" Morrison has scheduled the opening game for Feb. 22, at Lincoln Park, with Pomona College, although one or two practice games may be arranged with some county school before the game on Washington's birthday.

"Spud" is also working hard to arrange games with strong high schools and colleges of the south.

State of Ohio, City of Toledo, Lucas County—ss.

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of catarrh that cannot be cured by the use of Hall's Catarrh Cure.

FRANK J. CHENEY.

Dairy Barns

A dairy barn can be kept practically free from unpleasant odors, but we never saw more than a dozen such barns.

DR. GRENFELL IS TO GIVE LECTURE HERE

Famous Labrador Missionary Will Talk of Work in the Frozen North

Dr. Wilfred Grenfell, the widely known medical missionary of Labrador, whose noble work has given him recognition over the civilized world as one of the greatest humanitarians of the age, will speak on next Monday night at 7:30 o'clock, in the First Presbyterian church.

Dr. Grenfell will talk of his work in the frozen north, illustrating the address with over 100 stereopticon slides of Labrador scenes. His experiences, told before great audiences in America and England, have awakened a response in generous hearts, so that he has been enabled to enlarge and carry on his splendid missionary efforts among a child-like and grateful people. Dr. Grenfell's talks attract immense audiences wherever he goes. At Riverside last night, people were turned away from the doors of the auditorium where he lectured.

In the East people gladly pay a dollar for such a lecture as he will give here Monday night free. A silver offering or subscriptions to aid in the Labrador work will be taken, and these cannot be too large to match the worth of the address and the work of which it tells.

Raise Fine Mules in China

North China is noted for raising the best mules in the middle kingdom. In Peking one will see mules quite as good in every respect as the Missouri and Kentucky product. The finest are employed by Chinese officers and other wealthy men to draw their "Peking carts."

WE HAVE JUST RECEIVED

This \$400.00 Piano Given Away

To the Most Popular Young Lady in Orange County!

The Rowley Drug Company is going to give away absolutely free to some one of their customers on Saturday, June 22nd, the beautiful Upton Parlor Grand Piano which is now on exhibition in their show window. The Upton sells for \$400 and is a high-class instrument in every respect, guaranteed by the makers for ten years. Just think of it! **A \$400.00 Piano to be Given Away, and Any Girl in Orange County Over Ten Years of Age Is Eligible to Compete for It.**

How You May Enter Contest

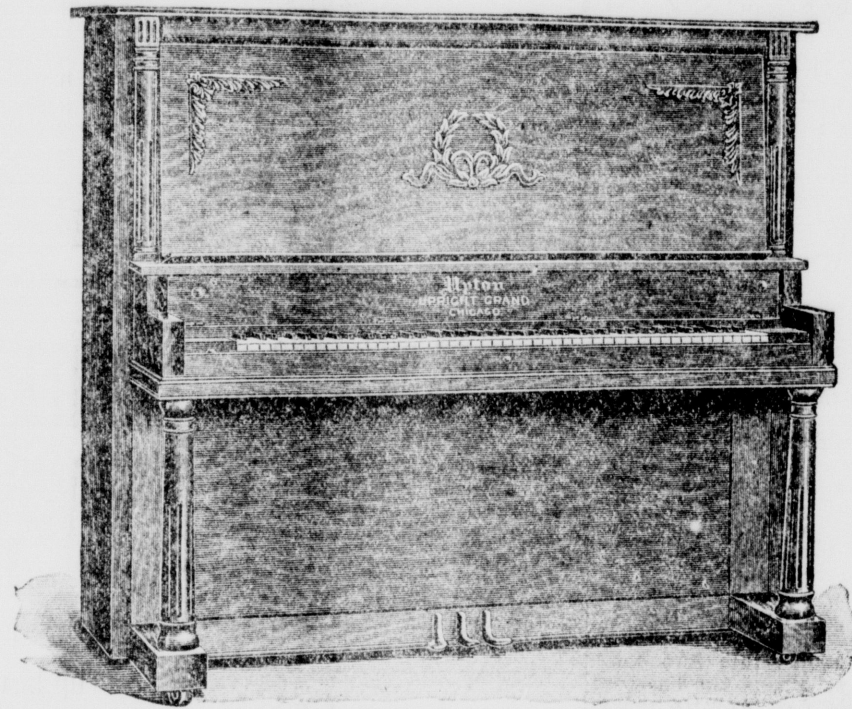

The first thing to do is to enter your name as a candidate. You can do this by sending your name and address to the store, or better still, by calling in person. The earlier you enter the better your chances for success.

Let your friends know you are in the contest and request them to save their votes for you.

Candidates may nominate themselves or may be nominated by their friends.

No employee or relative of an employee of the Rowley Drug Company can enter this contest.

Get Into the Contest at Once; the Earlier You Start the Better

The Votes Are to Be Given As Follows:

Every purchaser of \$1.00 worth of goods from any department of our store will receive a coupon good for 100 votes on the piano. The votes can be retained by the one who makes the purchase, or can be given to anyone they wish to see get the piano.

The person presenting the largest number of votes on Saturday, June 22nd, will receive the piano absolutely free. No favors will be shown and every person will receive an equal chance. The reputation enjoyed by The Rowley Drug Co. for "square dealing" insures this fact. We think the buying people will appreciate this extremely liberal offer on the part of The Rowley Drug Co., and we predict a lively scramble for votes.

CONTEST SPECIAL SALE ON SATURDAY AND MONDAY

WE WANT THE CONTEST TO START OFF BRISKLY AND WILL OFFER SOME EXCEPTIONAL BARGAINS IN ALL LINES, ON SATURDAY AND MONDAY. MOST PEOPLE KNOW THAT OUR SPECIAL SALES ARE BIG MONEY-SAVERS TO BUYERS AND THIS SALE WILL BE NO EXCEPTION. COME IN AND NOMINATE SOME ONE OF YOUR FRIENDS IN OUR CONTEST AND AT THE SAME TIME SAVE MONEY ON YOUR PURCHASES.

WOULD EASE BY LOWERING

Oxnard Beet Grower Suggests That Method to Relieve Labor Situation

An Oxnard sugar-beet grower wants to ease the labor situation by lowering the bars. The Oxnard Courier tells of the meeting at which the doctrine was propounded, as follows:

"At the close of the meeting it was decided to meet again on Saturday afternoon at the Citizens' Club rooms, when a permanent organization of

some kind will probably be perfected by the beet growers.

"Among the local men who spoke were Leon Lehmann, Frank Petit and Charley Donlon. Mr. Lehmann stated that Oxnard Board of Trade has passed a resolution against the reduction of the sugar tariff. He said, however, that he believes that the growers, acting unitedly, can probably do more than any other organization to bring these things about. "Frank Petit said that as the beet organization is rather a new thing to consider in this district, it might be well to meet a week later, at which time there might be a larger representation present and other problems than the tariff might be considered, such as the labor problem. He called attention that the cost of labor is becoming particularly high in the beet crop handling and that something should be done to ease up the situation by a lowering of the bars that are now keeping certain labor out of our fields. He believes organization is the only way in which to accomplish this.

"Charley Donlon suggested that the growers can stand on their price with the contractors of they will stand

united. He related an instance of the attempt of a contractor to hold up the price for this year by claiming that the Patterson ranch had agreed to the same, which was found to be false.

"Upon motion of Leon Lehmann, it was decided to meet again on Saturday afternoon, for the purpose of talking up the matter of permanent organization."

She Stopped Him
 "I started to tell my wife about a woman who made her own gowns," "Well?"
 "She capped my story with one about a man who made \$1,000,000 and bought his wife \$11,000 worth of gowns."—Washington Herald.

Oh, justice claims some large amounts of money as it's due. Still running up expense accounts While running down a clew! —Washington Star.

Talk about being hungry!! I was hungry as a bear. So, walking into a dairy lunch, I ate off the arm of a chair.

WILL STUDY THE PROBLEM OF FROST

Riverside Press: J. H. Reed is in receipt of an interesting letter from G. Harold Powell regarding the frost protection investigation which he is about to inaugurate. His purpose in this matter was announced exclusively in the Press a few weeks ago and there will be general gratification among the fruit growers in learning of the extensive and thorough plans which he has outlined in co-operation with the weather bureau. The letter follows:

Los Angeles, Cal., Jan. 26, 1912.
 J. H. Reed,
 Riverside, Cal.
 "Dear Sir:—We had a very good meeting yesterday. The meeting was primarily to discuss the actual results of frost fighting. As a result of this discussion we find that there is not much exact information

but a great many opinions. We are outlining a comprehensive campaign to cover the whole frost question which will include a study of the chemistry and physiology of freezing; a study of the climatology of the whole citrus district, a test of frost fighting devices, the development of new devices and the development of a special weather warning service. It will take some little time to bring this about but we will get it in time. This work will be a joint work between Dr. Colt and the weather bureau service.

I think we will hold an open meeting later on at which time some of the more general problems connected with frost fighting will be discussed. The real important question is how to take care of a man with 10 acres. It is probable that we will hold a meeting some time in March.

G. HAROLD POWELL,
 Sec. and Mgr. Citrus Protective League.

Queer Facts in Nature
 The tallest and shortest people of Europe, the Norwegian and the Lapps, live side by side.

Paper and Ink for Our Money
 The materials that go to make up our paper money are gathered together from all parts of the world. Part of the paper fiber is linen rag from the Orient. The silk comes from China or Italy. The blue ink is made from German or Canadian cobalt. The black ink is made from Niagara falls acetylene gas smoke, and most of the green ink is green color mixed in white zinc sulphate made in Germany. The red color in the seal is obtained from a pigment imported from Central America.—Scientific American.

Why He Went to Market
 It usually happens in this way: "Jim," says Mrs. Mann, "I see that the best butter is 3 cents cheaper at the market than it is out there at our grocery store. This is market day. Would you mind going down there on your way home and getting me two dozen eggs and some corn and a few?"

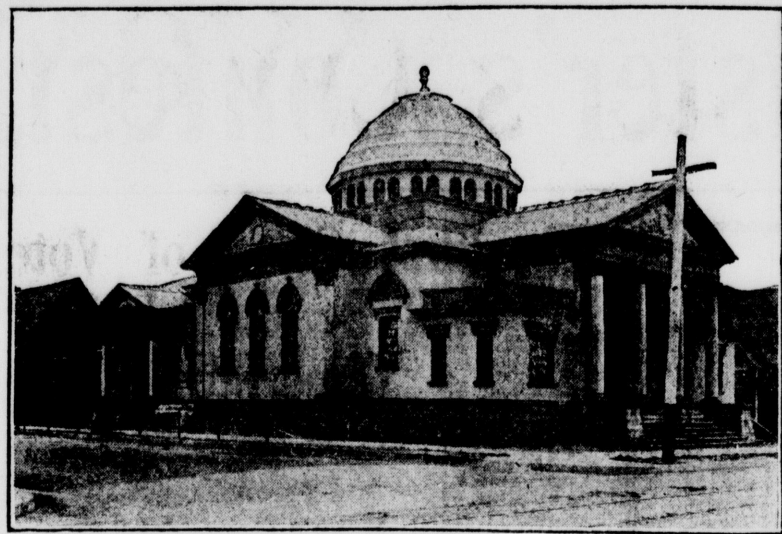

"Oh, I'm awfully sorry, dear," breaks in Mr. Mann, "but this is going to be my busy day. I won't be home until pretty late, and there are a lot of extra things that I simply must attend to, and"—

"Never mind, dear," says Mrs. Mann. "I'd just as soon do it myself, but I haven't any money, and if you will leave me a ten dollar bill I'll"—

"Come to think of it," breaks in Mrs. Mann right there, "I won't be so very busy today. I was thinking of next week. I'll go to the market for you very gladly."—Cleveland Plain Dealer.

Adaptability of Silage
 The idea used to be that silage was altogether a dairy feed suited alone to the palate and the requirements of the dairy cow because it made her give an increased flow of milk. That idea is now routed and more and more beef cattle breeders and feeders and sheep farmers are coming to realize the great value of this succulent feed in reducing the cost of feeding their herds and flocks and in keeping them in a more thrifty and better breeding condition.

He stood on the bridge at midnight, Though from his home 'twas far, For a chap whom he owed five dollars He had seen on the owl car.

BRICK FALLS CUTS SCALP

Man Receives Irishman's
Weapon on the Top of
His Head

Orange News: J. H. Touhy, a stranger in the city, was injured this morning by a falling brick at the new Campbell building. The man was walking past the building when a brick dropped from the very top, striking him squarely on the head. A derby hat protected his head to some extent and he escaped with an ugly gash, which required several stitches to close. He was not rendered unconscious by the blow and the injury is not regarded as serious. A special meeting of the city council was held last evening, at which the trustees and engineers of the Southern California Edison Company and a noted steam engineer of Los Angeles were in conference as to the advisability of installing electrically-driven pumping machinery in the water pumping plant.

Representing the Edison Company were Messrs. Deimling, Sessions and Boxhall, while Mr. Tracy of Los Angeles, the steam engine expert, presented that side of the question. The situation in the local plant was discussed at length and the trustees acquired considerable knowledge that will assist them in deciding the method of pumping to be adopted.

The Edison men represented that the cheaper method would be to pump by electricity and attempted at length to demonstrate this contention. Mr. Tracy argued for steam power. The arguments were interesting and will enable the board to enter into an investigation with a more intelligent acquaintance with the subject. A committee will be sent to investigate some of the electric plants now in operation and the engineers will bring more detailed estimates of costs at a later conference.

President Dittmer of the city board of trustees yesterday addressed the classes in American History at the high school on the subject of "City Government." After giving an outline of the organization of the government of Orange he discussed the commission form, telling of the rapid adoption of the same and showing its advantages. He expressed the belief that in a few years practically every progressive city in the country will be using this form.

His address was full of interest and was greatly appreciated by the students.

Russell Kenyon is very low with an attack of pneumonia from which he has been suffering since last Saturday. Mr. Kenyon was in a serious condition yesterday and last night his condition was critical. Today he remains about the same.

Mr. J. C. Williams was hurt this morning in a fall received while he was at work trimming bushes at his residence on East Maple avenue.

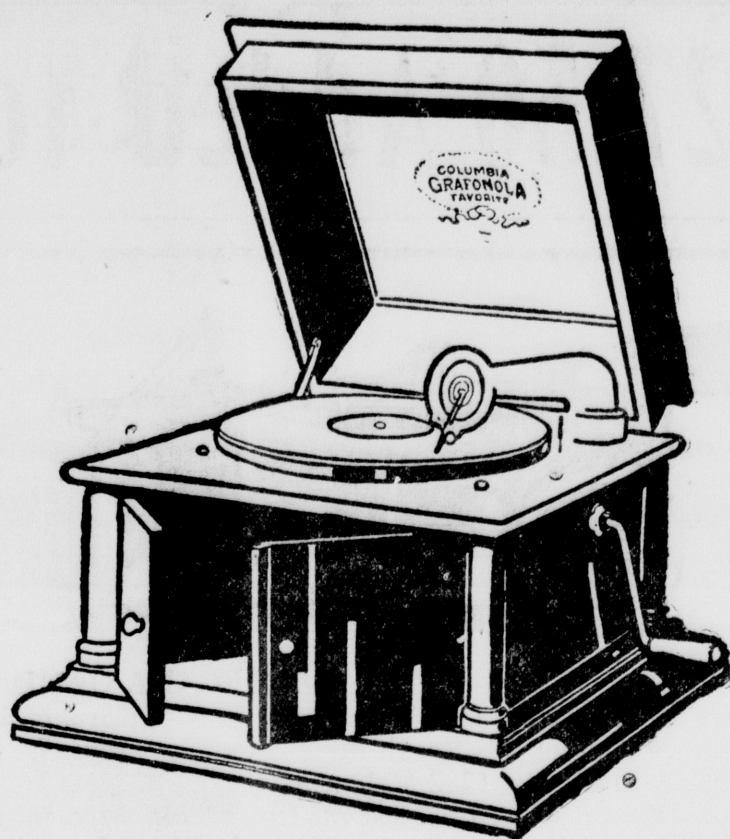

Slipping, he fell to the ground, causing a bad contusion on one hip and giving him a severe shock. He thought nothing of the injury at the time and later drove to Olive. He was taken ill there, and an automobile was sent to bring him home.

The injury was received on the same trip that has given him much trouble before and is rendered more painful for that reason. There is thought to have been no fracture.

SHOULD TURN OUT TO ELECT OFFICERS

CHAMBER OF COMMERCE
Orange Post: The meeting of the chamber of commerce Monday evening was slimly attended. There were perhaps fifteen or twenty men present in relay; but no presiding officer appeared. In order to continue the life of the call and permit the members to get together and elect officers, if they want to do so, the secretary called the meeting to order and an adjournment was taken to next Monday evening at 7:30.

Now there are some reasons why a chamber of commerce should be maintained in Orange. It is a more comprehensive organization than a merchants' and manufacturers' association, both in the scope of its work and the qualifications required for membership. While the legitimate work of the M. & M. is necessary and proper, it is confined to the improvement and protection of the business of the members. On the other hand, the legitimate work of a chamber of commerce extends to the improvement and protection of the whole community without regard to its own membership. Again the membership of the M. & M. is confined to persons engaged in certain pursuits in the city of Orange, thus excluding those without any occupation, as well as all those outside the city. On the other hand, any mature person in Orange and vicinity, who is willing and anxious to work for the upbuilding and protection of the whole community, is eligible to membership in the chamber of commerce. Thus each organization is different from the other in the scope of its work and in the limitation of its membership. There should, therefore, be no jealousy or conflict between the two; each has its legitimate field to occupy and both should be maintained. As to how the chamber of commerce should be organized and maintained, there seems to be no more or less difference of opinion. Some people are advocating the disbanding of the present chamber and the organization of another; but what is the use of that? This is the third organization of that character here in Orange and it is the weakest and most inefficient of the three; the more times an organization dies the harder is it to be revived and made to live. If the people want a good live chamber of commerce, let them turn out next Monday

TO BUY ORGAN FOR SCHOOL

Fairview Thimble Club to
Have Box Social Next
Saturday Evening

FAIRVIEW, Feb. 2.—Last Saturday evening being the birthday of Miss Cara Mackie, her sister, Mrs. J. H. Bethel planned quite a surprise by having her many friends gather at her home, the Hot Springs Hotel. The evening was spent in dancing, music being furnished by the Misses Boyde and James Mackie. Dainty refreshments were served. All left at a late hour, wishing Miss Mackie many more happy birthdays.

Although this district went dry seven to one, the farmers are making preparations for a wet time by building levees along the Santa Ana river west of here.

A delightful little party was given Monday afternoon at the home of Mrs. F. E. Farnsworth on Huntington Drive, the event being the birthday of her little daughter, Eveline. Nine little girls were the guests. A big birthday cake with four gleaming candles was the crowning feature. Dainty refreshments of ice cream, cake and bon bons were served.

Mrs. J. W. Heath entertained the ladies of the Thimble Club at her home on Huntington Drive Wednesday afternoon. Business affairs were discussed and a social hour followed. Then tea, sandwiches and cake were served.

A box social will be given Saturday evening by the ladies of the Thimble Club at Tom Harlin's Hall. The ladies are requested to bring boxes. The proceeds will go toward getting an organ for the school.

R. A. Stevenson, teacher in the school here, spent the week-end in Santa Ana.

Mrs. H. D. Meyers is visiting in Los Angeles this week. Miss Ida Segerstrom of Los Angeles is enjoying the week-end with her parents at their pretty home, Willow Spring Farm.

Mr. and Mrs. W. S. Babb, Mr. and Mrs. R. P. Selvidge and daughter, Rachel, made an automobile trip to Pomona Sunday and visited with friends in that city.

J. W. Heath was in Huntington Beach Monday on business. Mr. and Mrs. M. S. Ferguson were Santa Ana shoppers Wednesday.

SAYS QUININE WILL NOT BREAK A COLD

How to Cure a Bad Cold and End Grippe Misery in a Few Hours

You will distinctly feel your cold breaking and all the grippe symptoms leaving after taking the very first dose.

It is a positive fact that Pape's Cold Compound, taken every two hours, until three consecutive doses are taken, will end the Grippe and break up the most severe cold, either in the head, chest, back, stomach or limbs. It promptly relieves the most miserable headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, mucous catarrhal discharges, soreness, stiffness and rheumatic twinges.

Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or grippe.

Take this harmless compound as directed, with the knowledge that there is no other medicine made anywhere else in the world, which will cure your cold or end grippe misery as promptly and without any other assistance or bad after-effects as a 25-cent package of Pape's Cold Compound, which any druggist in the world can supply.

SANTA ANA BOOK STORE

105 West Fourth St.

408 North Main St.

Prizes Worth \$427.50 Added to The Register's Contest.

Eight Subsidiary Will Be Awarded to Vote Leaders on March 16th

First List of Candidates Appear Herewith
If the Name of Your Favorite Does
Not Appear Enter It At Once

Recognizing the value of the Register's campaign of expansion—expansion for all of Santa Ana's business interests, as well as for the paper's circulation,—quite a number of the business and educational institutions are co-operating in a most substantial and efficient manner with the Register in its great popularity and efficiency contest.

Those exhibiting this public spirit and enterprise are:

The Orange County Business College, offering two scholarships of the value of \$65.00 each, total value of \$130.

Horton-Spurgeon Furniture Co., beautiful set of Dining Room Furniture (extension table, six chairs and buffet) in fumed oak, value \$87.50. This handsome set of furniture may be seen in the model dining room window of the Horton-Spurgeon Furniture Co., 301 East Fourth St., Santa Ana.

J. H. Padgham & Son, jewelers, Diamond Ring, value \$80. This beautiful ring is on exhibition in J. H. Padgham & Son's window at their beautiful new store, (NEW LOCATION) 106 East Fourth St.

J. R. Dean, manager of the White Sewing Machine agency in Santa Ana, White Sewing machine, value, \$80. This machine can be seen at Mr. Dean's office, 304 North Main street, Santa Ana.

Orange County Conservatory of Music, three \$20 scholarships good in any department, value, \$60.

A TOTAL VALUE IN SUBSIDIARY PRIZES OF \$427.50 TO BE AWARDED IN ADDITION TO THE AUTOMOBILE.

The first choice of these six prizes will be awarded to the contestant having the second highest vote, the second choice to the contestant standing third in the list, and so on down.

LIST OF ENTRANTS

Printed herewith is the first list of names of candidates who have entered the Register's Auto-Popularity Contest. Look over this list carefully and pick out your favorite candidate—some one that you would like to see win—some one that you would like to support. There isn't a woman in Orange County that wouldn't appreciate your support in this contest.

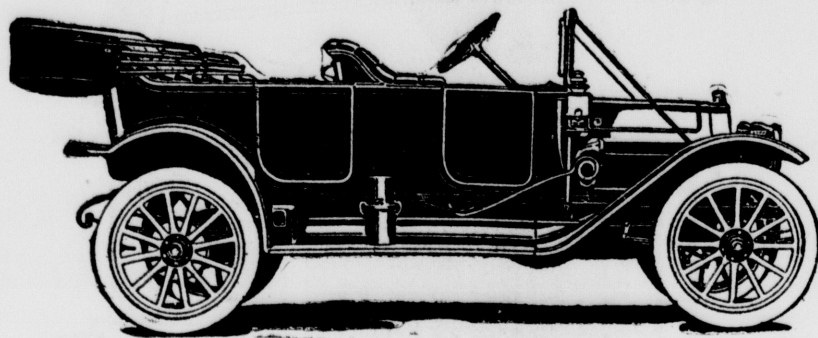

These names have come into the Contest Department from time to time since the inauguration of this good natured battle for votes. Each and every one of them have entered into the contest with the do-or-die spirit.

ENTER YOUR NAME NOW

The nomination blank which is good for 5000 votes expires tomorrow night. After Saturday the nomination will only count as 2500 votes. Perhaps, in fact we know, that there are dozens of women, both married and single, who have been waiting patiently to see just who is going to enter the race. Now that the time has come and the list is printed, an overflow of nominations is expected in the Contest Department during the balance of the week and next week.

The candidates represented are without question in the Popular class. What started to be an Automobile Contest will indeed be a Popularity Contest in every sense of the word.

The Santa Ana contestants all have their friends to look to and if they wish to figure in the running they will have to make an early start, in order to compete with the candidates who live outside of the city of Santa Ana. They will necessarily have more competition, while the candidates entering from outside districts—from Anaheim, Fullerton, Olinda, Tustin, El Toro, Huntington Beach, Orange, Garden Grove, Westminster, and elsewhere—have a less population to draw from but at the same time there are fewer candidates in their respective districts to compete with, and so, you see it is just about an even break, and a candidate on the outside has just as many chances to win as a candidate who lives right in Santa Ana. All candidates alike will receive equal consideration from the Contest Department and nothing will be left undone to make each and every candidate's campaign as great a success as possible.

GRAND CAPITAL PRIZE

SANTA ANA CANDIDATES

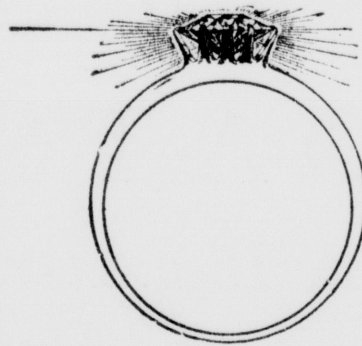

Mrs. I. L. Bishop, 1108 French St.
Miss M. Curtis, 222 South Main St.
Mrs. Sam Preble, 1732 Valencia St.

Miss Agnes Ensign, 447 S. Grand, Orange.
Miss Helene Davis, Garden Grove, Cal.
Mrs. Bert Fulwider, Anaheim, Cal.

A BEAUTIFUL DIAMOND RING OFFERED BY J. H. PADGHAM & SON

Why is a diamond equally valuable to everybody, and more valuable in proportion to its cost than any other material thing? Because it is beautiful and pure and indestructible, and increases in value (that is, in selling price) every year.

The Diamond Ring offered in this contest by J. H. Padgham & Son is a blue white and purple stone, absolutely perfect. It is not a large stone, but is as fine as the finest. Its value is \$80.00. It may be seen in the show window of J. H. Padgham & Son's Jewelry Store at 106 East Fourth street, Santa Ana. This is Padgham & Son's new location.

Three Scholarships in the Orange County Conservatory of Music

The Register takes pleasure in announcing to its candidates in this contest the fact that it has secured three subsidiary prizes that will undoubtedly appeal to many who are not so fortunate as to win the Automobile. These three prizes are three twenty dollar scholarships in the "Orange County Conservatory of Music," an institution of comparatively recent organization in which every true Orange County citizen takes a just pride. It would be difficult to point to any business or educational institution in this entire county which in the first year and a half of its existence has met with the tremendous success which it has been the privilege of this school of music to enjoy.

Immediately upon his return from a three years' European study tour Mr. Clarence A. Gustlin gathered about him three or four of his former advanced pupils and formed the nucleus of the school which now embraces all important musical departments, Piano, Voice, Violin, Organ, Harmony, Theory, Musical History, etc., with the most efficient talent procurable at their heads. Both amateur and academic courses are available in any of the principal departments.

The Conservatory is equipped to offer all the splendid advantages of the large city institutions at rates very much more moderate than prevail in city schools of music and art. Even a cursory perusal of the beautiful catalogue of the "Orange County Conservatory of Music" will serve to reveal the exceptional opportunities for a thorough, systematic and complete course of music study which is available to every Orange county resident at a price never in excess of that of the private teacher and in the majority of cases even less.

If you have not seen one of these catalogues which in itself is a creditable example of the printer's art you should at once mail a card with your address to "THE ORANGE COUNTY CONSERVATORY OF MUSIC," 504½ North Main Street, Santa Ana, Calif. Sunset Phone, Main 214.

Beautiful Fumed Oak Dining Room Set

This handsome prize, valued at \$87.50, is offered by the Horton Spurgeon Furniture Co., corner Fourth and Spurgeon streets, Santa Ana.

Its beauty and usefulness must commend it to all contestants and all their friends. The set consists of 8-foot extension dining table, six chairs and a beautiful buffet. This furniture is of quarter-sawn fumed oak, massive construction and latest pattern. The chairs are leather-seated, and the hardware on the buffet is velvet-finish brass, and the mirror is fine plate glass.

This prize would be big pay for any woman's spare time during the seven weeks of the contest.

Two Scholarships in the Orange County Business College

VALUE \$65.00 EACH

In announcing the offer of two scholarships by the Orange County Business College, of the value of \$65.00 each, the Register does so with a feeling of confidence and pride in this splendid educational institution. Its reputation for thorough methods of instruction is not excelled by that of any business college in the country. Its equipment is first-class and up to date in every respect; its teaching force is able and conscientious; its army of young men and women who occupy fine positions in the business and professional world are a guarantee that the Orange County Business College "makes good."

Further details of the courses of instruction, etc., will be given in this paper as the contest progresses.

WHITE SEWING MACHINE

"THE WHITE IS KING"

The Sit-Strate White No. 60 is something new and greatly-to-be-desired in sewing machines. It is to be presented to one of the Register's contestants through the public-spirited enterprise of Mr. J. R. Dean, local manager for the White Sewing Machine Company.

What does "Sit-Strate" mean? Listen. Here is what the manufacturers say of it:

"Doctors and hygienists with one accord are placing strong emphasis upon the correct position of the body, especially when one is sitting down, insisting at all times that the trunk shall be properly supported and maintain a natural position. It's very evident then that an operator laboring under the vastly improved and healthful conditions that obtain with our new No. 60 'Sit-Strate' White can largely increase her output of sewing with a less expenditure of strength.

"The No. 60 'Sit-Strate' White has been made possible by a radical departure in sewing machine construction in the way of widening or increasing the distance between the legs, giving a more roomy space underneath the table, and by moving the head several inches to the right so that the needle is directly over the treadle. Again, one movement of the leaf opens the machine ready for use, or closes it as may be desired. There are no swinging doors to open or close or get broken. And we provide drawers equal in size and number on each end of the table which slide into enclosed drawer cases.

"The unusually practical features of this machine are evident at a glance, and all without the sacrifice of the characteristic symmetry of design and strikingly beautiful furniture for which all White products are noted. In short, one can safely buy the machine firm in the conviction that it leads all others in the practical embodiment of advanced sewing machine ideas, and that it will produce results in excess of one's fondest expectations. So confident are we of the appealing qualities of this machine, that we are led to say, if you'll simply give it a trial you'll not be satisfied until you have bought it. Made in Vibrator and Rotary Shuttle styles."

WHITE SEWING MACHINE CO., Cleveland, O.
For Sale by: J. R. DEAN, 304 N. Main St., Santa Ana.

The First Count of Votes Will Be Published Tomorrow

Secure As Many Votes As You Can Between Now and Noon Tomorrow So You Will Have a Good Total Opposite Your Name

The first count of votes to be made in the Register's contest will take place tomorrow noon, and the result will be published in tomorrow's Register.

NOW, THEN, ALL TOGETHER!

The first list of names is published today. Thirtiy-two candidates entered their names before the first nomination blank expired, and they have 5000 votes each to their credit. After tomorrow (Saturday) the nomination blank will only be good for 2500 votes. That is, it will be good for 2500 votes just as long as you see "GOOD FOR 2500 VOTES" printed on the nomination blank. And don't think that this offer of 2500 votes is going to last very long. The contest editor will discontinue these votes that go with the nomination blank without notice.

Don't think that there are so many names entered in this contest that if you send in your nomination now you won't stand a chance. The more names entered the merrier it will be, and the easier it will be for you to win. If you were in the race with just five or six contestants you would certainly have to accumulate a great many more votes in order to win than you would with fifty contestants. There will be just so many votes cast in all by the entire list of candidates, whether it be a list of six candidates or fifty. All the candidates have just about an equal number of friends, and those that show the greatest energy and patient persistence will more than likely get the greatest share of these votes and ride home in the BIG E-M-F "30" AUTOMOBILE SATURDAY NIGHT, MARCH 16TH.

Those who have pledged their support to their favorite candidate are anxiously awaiting the appearance of the first counted list of votes, which will be published tomorrow.

Will the one who promised to support you be disappointed? Or will he say to some of his household, "hitch up the rig; my favorite candidate has a good start, and I know where I can get her a couple of subscriptions." Several candidates called at the contest department yesterday to receive receipt books. They never dreamed of entering the contest, but inasmuch as their friends nominated them they are going to "prove up," and these friends will not see them discouraged for lack of assistance. They nominated them to win, and they are going to stand by their favorite until the last ballot is cast.

A ballot for a single subscription appearing opposite your name when the first list of votes is published is enough to inspire confidence in those who will stand behind you in this good-natured contest.

You can cast just as many or as few ballots as you wish to be published in the paper. Votes for subscriptions are good until the end of the contest, and you can cast them at any time.

But you should send in your subscriptions as soon as possible, so that those who have subscribed for the paper in your favor will get it, and can save the coupons for you. The ballots for your subscriptions will be sent you right away, and no one but yourself will know how many votes you have in reserve.

So send in your subscriptions early and often, and no one will be the wiser, and those who have given you their subscriptions will appreciate your prompt attention.

People may want to give their subscriptions to you but they expect you to ask them.

The pluckier you are the more you will be liked. Everyone likes a plucky woman and they like to help her out. Of course, women less plucky are liked, too, but they don't arouse the interest of their friends and of course they are not apt to win in a contest of this sort.

Now, don't lose a minute. Organize your forces and get ready to make a whirlwind campaign.

KEEP PERSISTENTLY AT IT. VOTE EVERY DAY.

SANTA ANA, CALIFORNIA, FRIDAY EVENING, FEBRUARY 2, 1912.

The Northern Part of the County

MUCH WORK IN PROSPECT

Stated That Standard Will Put on 600 More Men in Fullerton Field

FULLERTON, Feb. 2.—Oil development in the territory immediately surrounding Fullerton has been the chief topic of interest here for some time past, and facts recently brought out indicate that development work during the coming year will be on a larger scale than ever before. According to information taken to be authentic, the Standard, which has largely been increasing its holdings in this field for some time past, is preparing to put 600 additional men at work in this territory. This naturally means the putting down of new wells, and that the Standard, which has exhibited a strong faith in the Fullerton field by its activity in securing leases both in new and proven territory, is preparing to put that faith to the test.

The Amalgamated is also planning additional activity, and all through the field the indications are that this year will be one of the busiest in its history.

New Business Block

Plans are being made for the immediate erection of a new brick business building on the lot belonging to Wm. Starbuck, just north of the First National Bank building. The building, it is understood, is to be erected by the prospective tenants, and will be devoted to business rooms and offices.

Fullerton has been getting her full share of the crowds sent from the East by the frigid weather, and for some time the Hotel Midland, formerly the St. George, has been crowded to its capacity. Other places of entertainment report much the same experience. Many of those coming this winter evidence a strong inclination to locate in Southern California.

Mrs. Mary Standlee has sold her residence property on the corner of Harvard and Whiting avenues to Joseph Lee. Mr. Lee bought the property as an investment.

City Trustee August Hiltcher will leave next week for a two months' trip to Arizona, to look after his mining interests there.

The baseball teams of the Fullerton and Downey high schools will meet on the grammar school grounds here tomorrow afternoon.

NO AGREEMENT ON ENGINEER

FULLERTON, Feb. 2.—The City Good Roads Commission held a meeting Wednesday night for the purpose of selecting an engineer to have charge of the extensive improvement work which has been projected, but after a session of several hours was unable to reach an agreement. Applications for the work were received from H. Clay Kellogg of Santa Ana, Sloane & Robinson of San Francisco, George Fish, Jr., of Los Angeles, and D. S. Halladay of Los Angeles. All the applicants except the last named were present, and the committee spent some time in consulting with them. The different propositions were very similar as to ultimate cost, and as all the applicants rank high in their profession the commission was unable to reach a decision. The matter was taken under advisement until next Monday night, when it is expected that final action will be taken.

The bonds recently voted for street and bridge improvement, amounting to a total of \$146,000, will probably be offered for sale in the course of the next few weeks.

Rough-dry laundry work is cheaper than broken backs and doctor's bills—in fact it is very cheap—Try us once.

112 East Fourth St.

MORE ACRES FOR BEETS

Anaheim Sugar Factory Will Largely Increase Output for Next Season

ANAHEIM, Feb. 2.—The field men of the Anaheim Sugar Factory have completed the signing of contracts with beet growers for the coming season, and now have approximately 10,000 acres signed up, which is an increase of about 3500 acres over last season. Officials of the company state that fully 2000 acres in addition might have been contracted for, but the company refused it on the ground that it had all that it could probably handle.

The factory, which ran on a capacity of 600 tons of beets per day last season, is to be increased by additions which have been made and are now in progress to a capacity of 800 tons daily, and is expected to run on that basis during the coming season. Reports from the field are of a very satisfactory nature, in spite of the unusual dryness so far, and it is said that the shortness of rain is causing no great uneasiness among growers. They have learned how to handle their lands on dry seasons, and say that the present outlook for the coming season is good.

Will Show at Orange Show

A committee appointed at the last meeting of the Board of Trade has been making preliminary arrangements for a display at the National Orange Show to be held in San Bernardino, beginning Feb. 19. It is realized that Anaheim cannot compete with some sections across the foothills in the matter of navels, the specialty of this section being the growing of Valencia's, in which it is second to none in Southern California. However, it was determined that this section could make a very creditable showing, and plans have been arranged to show the best of the local product. Since the action of the Associated Chambers of Commerce Wednesday night in deciding on a county exhibit, it is likely that the local committee will join with that body in the preparation of one thoroughly representative exhibit.

ANAHEIM PIONEER PASSES AWAY

ANAHEIM, Feb. 2.—Wm. R. Harker, one of the pioneer residents of this city, died Wednesday night at his home on North Los Angeles street of the infirmities of old age. Mr. Harker was about 75 years of age, and had resided in Anaheim close to twenty-five years. He was for many years a well known business man here, and was identified with many movements for the advancement of the city and surrounding territory. He was compelled to retire from business a number of years ago because of failing health, and for the past two years had been confined to his room by gradually increasing infirmity.

Mr. Harker is survived only by a wife. The funeral will be held at 2 o'clock this afternoon.

CASCARETS SURELY STRAIGHTEN YOU OUT

No Headache, Biliousness, Upset Stomach, Lazy Liver or Constipated Bowels by Morning

Are you keeping your bowels, liver and stomach clean, pure and fresh with Cascarets, or merely forcing a passageway through these alimentary or drainage organs every few days with Salts, Cathartic Pills, Castor Oil or Purgative Waters.

Stop having a bowel wash-day. Let Cascarets thoroughly cleanse and regulate the stomach, remove the undigested, sour and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the decomposed waste matter and poisons in the intestines and bowels.

A Cascaret tonight will make you feel great by morning. They work while you sleep—never gripe, sicken or cause any inconvenience, and cost only 10 cents a box from your druggist. Millions of men and women take a Cascaret now and then and never have Headache, Biliousness, coated tongue, indigestion, Sour Stomach or Constipated Bowels. Cascarets belong in every household. Children just love to take them.

Need Generous Atmosphere
The more freely sympathy and affection are extended, and the more gladly they are welcomed, the more they bless mankind. Their very life depends upon a generous atmosphere of both giving and taking. Coldness, reserve, suspicion, pride, kill them as the biting frost kills tender plants.

Raising Cattle

The most important factor in the raising of cattle is their care while young. Do you think you are doing the correct thing if you are only managing to keep the life in the calf until it is three months old, and then have it get fat on grass before the winter comes?

CANDIDATES FEW AS YET

Coming Election at Anaheim Has Not Aroused Interest So Far

ANAHEIM, Feb. 2.—Talk is beginning to float around in regard to the municipal election, which is to be held April 8, but as yet candidates are remarkably slow in announcing themselves. Three city trustees are to be elected, to succeed G. J. Stock and Frank S. Gates, whose terms have expired, and Wm. Stark, appointed to serve in place of Trustee Berger, removed, until the next election. A city clerk and city treasurer also are to be chosen.

It is gossip on the streets that Councilman Stark will be a candidate for re-election, and that George W. Hamler, a leading business man, will be a candidate for one of the vacancies. Whether or not the other two retiring councilmen will stand for another term is not known as yet. It is not considered likely that there will be any serious opposition to the re-election of City Clerk Merritt, who has served in that position for many years, and who is generally recognized to be the right man for the place.

Under the law prospective candidates have only a little over a month from the present time to file their nominating petitions, and it is expected that decided activity will be exhibited in the course of the next week.

So far there has been nothing to indicate that the question of liquor license will be brought up at the coming election.

Anaheim News Notes

Tickets were placed on sale yesterday for the annual banquet of the Board of Trade, which is to be held on the evening of Feb. 12. On this occasion officers and directors will be elected for the ensuing year, and there will be an interesting program, to be announced later.

Agent Clabaugh, of the Santa Fe, reports a material increase in passenger business from the local station since the new service through to San Francisco was established. The lower rates to northern points which came with the new service have evidently been an incentive to travel.

The Whittier baseball team will come here Sunday to try conclusions with the local team. The Whittier aggregation is reported to be a strong one, and an interesting game is expected.

Mr. and Mrs. Francis Rogers of Los Angeles were the guests of Justice J. S. Howard yesterday, taking a look at the country during their stay and being very highly impressed with its advantages.

ANAHEIM FRUIT FREE OF FROST

ANAHEIM, Feb. 2.—The Anaheim Fruit Association is now shipping an average of one car of navels a day. For a time after the recent freeze shipping was almost suspended not only because of the uncertain condition of fruit in this section, but because the eastern market was demoralized. A great deal of fruit which was shipped in fair condition was frozen in transit, and prices went to pieces as a result. Since the weather has moderated in the east, however, better conditions prevail.

The Anaheim Association has been particularly fortunate as compared to many other organizations in the citrus belt. An inspector for the Fruit Exchange, through which the local association ships, was here yesterday and made a careful examination of the fruit being sent out by the local house. He found absolutely no traces of frost, and made the statement that the local house showed less traces of loss than any shipping point in the district. The local fruit is being shipped with a guarantee of entire absence from damage by frost, and is being held to the high standard established in the past by its brands.

Curious Annamese Customs
Mme. Gabrielle M. Vassal, the wife of a French doctor, who was attached to the Pasteur Institute of the Nha-Trang, a little village on the coast of Annam, relates some of her experiences. When she and her husband arrived at Nha-Trang they were received by the native servants, who salaamed and squatted on the floor for a long period, this being their method of greeting Europeans. Servants had the curious habit of washing all dishes under the table; never on its top. Men and women dressed alike, wearing trousers and tunics, and women on the way to market with their baskets always walked in single file.

Our Spring Announcement!

Our Spring Goods for Ladies' and Gentlemen's High Class Tailored Suits are here. We invite you to call and inspect same whether you want to buy or not

IS THERE ANYTHING LIKE THE CONSCIOUSNESS OF WEARING WELL CUT CLOTHES TO LEND A POISE TO SHOULDERS AND A TILT TO THE CHIN? OUR SPRING SUITS ARE ATTUNED TO THE SEASON—SOFT GREYS, WINSOME BLUES, SPRIGHTLY PLAIDS, INDETERMINATE CHECKS AS GRAVE AS YOU WISH, AS GAY AS YOU LIKE. BUT GRAVE OR GAY BE THE PATTERN, STYLE CROWNS EACH SUIT AS SUNSHINE CROWNS A SPRING MORNING.

NO MATTER WHO YOUR TAILOR HAS BEEN IN THE PAST, NOR WHO YOUR CLOTHIER HAS BEEN, WE WANT TO TELL YOU RIGHT NOW THAT IF YOU START IN WITH US YOU WILL BE AMONG THE BEST DRESSED PEOPLE IN TOWN. AND THE BEAUTY OF IT ALL IS THAT YOU WILL PAY NO MORE FOR THE HIGH GRADE SUITS MADE BY US THAN YOU HAVE BEEN PAYING FOR THE ORDINARY SUIT.

THE SEASON IS ALMOST HERE AND WE HAVE THE GOODS. LET US TAKE YOUR MEASURE NOW SO YOU WILL BE AMONG THE FIRST TO WEAR THE LATEST.

WE DON'T MAKE LADIES' SUITS, BUT WE WILL SELL YOU THE GOODS FOR THEM.

Santa Ana

THE REAL VALUE OF THE

Is not adequately expressed by its price.

If you are familiar with motor car conditions you know that the Cadillac is practically outside the zone of competition.

Almost everybody is Cadillac-convinced—almost everybody concedes its unique reputation. But have you realized the full and splendid extent of that reputation?

It was brought home to us (for the thousandth time) in a new way, the other day, when we banteringly asked one of the most prominent dealers in the Cadillac organization:

"Don't your customers ever speak of other cars in comparison with the Cadillac?"

And he answered in all seriousness: "Only those of the very highest price—and then not in disparagement of the Cadillac."

Conditions in this locality will confirm this.

Intensified by the luxury of the system which performs the triple function of starting, lighting and igniting, the PERFECTEDNESS of the Cadillac has reached a point which is not adequately expressed by the money cost of the car in comparison with existing price standards.

HILL'S CORNER

Has been looking into the proposition submitted to our Chamber of Commerce and other interested parties by Mr. Hatfield, wherein he agrees that if it rains to the amount of six (6) inches during the month of February, he is to be paid three thousand (\$3000) dollars and if it don't rain so much as that he will not charge us a darned cent.

Now, we can readily see where Brother Hatfield gets off, but we can't see where our dividend comes in.

In on respect it is, eminently, a fair proposition and there can be no misunderstanding its terms, but we believe that it will be cheaper to trust in Providence and irrigating pipe.

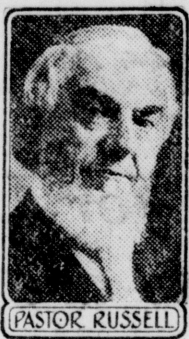

We admit that we may be biased in our conclusion, because we have some irrigating pipe to sell, and as most everyone knows that our pipe is better and stronger than any other pipe offered on this market (everybody else will soon find out) we are now sold seven days ahead. Get your orders in early.

HILL & SON.

THE INVESTIGATIONS OF FOREIGN MISSIONS

Pastor Russell, Gen. W. P. Hall
and Others Reach Singapore.

In His Public Address Pastor Russell Declares, In the Words of St. Paul, "Of a Truth I Perceive That God Is No Respector of Persons"—Various Beliefs Dissected.

PASTOR RUSSELL

Singapore, January 28.—Pastor Russell's text for today was, "Of a truth I perceive that God is no respecter of persons, but in every nation he that feareth Him and worketh righteousness is accepted of Him." (Acts x, 34, 35.) A brief report of his excellent address follows:—

Never before have I seen so cosmopolitan a city as Singapore. The swarms of Chinese, Malays, Hindoos, Javanese, Siamese, Singalese, Burmese, Afghans, Madrassis, Tamils and many other nationalities are here interspersed by representatives of practically every nation in the world. The sight of these commingled peoples, only a few of whom know of worship, or in any wise acknowledge "the Only True God, and Jesus Christ whom He hath sent," stirs my heart, and my head as well.

We recognize the clear statements of the Apostle that "Without faith it is impossible to please God (Hebrews xi, 6); and "How shall they believe in Him of whom they have not heard?" (Romans x, 14) and also the commission: "This Gospel of the Kingdom shall be preached in all the world for a witness."

Tried and Found Wanting.
A considerable class of very good people by their creeds tell us that if God had foreordained the heathen to salvation He would have seen to it that the Gospel was preached to them; and that their not hearing the Gospel signifies that God "passed them by" as "non-elect;" that the "elect" are to be found only amongst those who have been favored of God and who accept that favor and are "sanctified." Another class of people by their creeds, which no longer truly represent them, tell us that they believe as above, only that they add another condition, namely, that "the elect," in order to be of "the elect," must be brought to a knowledge of water baptism—complete immersion—and must obey this teaching.

Another theory held denies that there is "election," and denies that any quantity of water is necessary, although it does recommend a little. This theory declares God's love for the heathen, but says that He made faith in Jesus' sacrificial death a condition of salvation and that the responsibility for the heathen's not knowing, and consequently their going to eternal torment, rests with Christians themselves. They say that God did His part in providing the Savior, and that the carrying of this knowledge is wholly dependent upon Christians. One would think that with this view few Christians would be able to sleep a single night.

Some dear people, holding the views last mentioned, have started a "Men and Religion Forward Movement." They propose to use about two million dollars in starting the movement and thereby to collect a fund of thirty million dollars (six million pounds). Dear people! How I love them for their zeal, even though it be as the Apostle said, "not according to knowledge." (Romans x, 2.) If they could stand in Singapore's streets and journey with us a little the eyes of their understanding would be opened. They would begin to figure out that the sum they expect to spend in converting the world would be little over half a penny per soul! The United States Government statistics show that a century ago the numbers of heathen were six hundred millions and that today the number is double.

A Better Hope Found.
Some, repudiating the creeds of the past as no longer tenable, fault the Bible with being the basis for those creeds and abandon it with the creeds. Let us, on the contrary, declare that the difficulty with the creeds of the past has been that they divided up the Word of God amongst them, and that each creed has a certain amount of gold as well as a large accumulation of dross. It would be too serious an undertaking for finites to put all the creeds into a crucible and separate the gold from the dross. Let us take the easier, the simpler method to which all Christian people should be willing to accede, namely: to wholly cast aside our creeds and go back to the Word of God—to the Bible—to the utterances of Jesus, the Apostles and Prophets. St. Paul's declaration is that the Word of God is sufficient that the man of God may be fully furnished. (II Timothy iii, 17.) His further suggestion is that we "rightly divide the Word of Truth," and that "It is able to make us wise unto salvation." Let us follow this course and allow God's Word to be its own interpreter—allow one passage to throw light upon another; and thus let us reject none of the Divine testimony, but, bringing the whole together, find therein the Wisdom of God, the Justice of God, the Love of God, the Power of God unto salvation, to every one that believeth.

You can save money by sending us your laundry work Friday morning, to be delivered the following Tuesday. Ask us about it over either phone, or hail one of our drivers.

LOS ANGELES PRODUCE MARKET

The bottom dropped out of the egg market. This staple was the feature of the day. Canned and case-count declined 2 cents. Canned eggs sold at 29 cents per dozen, and case-count went to 25 cents. Pullets' eggs declined 3 cents and storage eggs were down to 25 cents. Liberal receipts and the inability of dealers to keep the stock moving was the reason assigned for the slump in the market. The market showed a decided improvement as far as sales were concerned under the revised quotations. It is hardly likely that prices will go lower. Some dealers predict that there will be a reaction of the market and that by the latter part of the month prices will be around the 35-cent mark. The decline in storage stock was in keeping with the market on fresh stock. Receipts were 575 cases of the best grades of fine creamery butter was firm. Receipts were liberal along this line, but there was an increased demand. Lard was only in moderate demand, as was cooking stock. Receipts were 43,077 pounds.

Northern fresh cheese was about the only variety in the cheese market for which there was anything like demand. Receipts were 2125 pounds. The potato market continued firm. There was some surplus stock held by dealers, but arrivals for the past several days have averaged about three carloads daily, and dealers are wont to be caught short-handed at this season. Highlands were the best sellers at the outside figure of \$2.05 a hundredweight. Arrivals were 1102 sacks.

The onion market was firm. With no arrivals reported in the market this commodity was in good shape, quoted prices being firmly upheld. The market on No. 1 pinks, Lady Washingtons and large and small white beans was strong. There is a scarcity of these varieties of beans on the market and dealers are unable to meet the demand in some instances where the sales are large. Other varieties of beans were only in light call. No receipts were reported, but the market was quotably unchanged.

The sweet potato market was reported firm. Receipts fell short of the demand for this commodity. Dealers are short on the best stock. Arrivals were 110 sacks. The first of the season's asparagus attracted little attention from prospective buyers owing to the prohibitive price of the stock offered, which was of the hothouse variety from the Sacramento Valley district, and which was quoted at 75 cents per pound. Receipts were light.

There was a fair call for Mexican tomatoes at \$2 a lug box. This stock was of excellent quality. Cabbage, celery, cauliflower and beets were in light receipt. The demand for these vegetables was good. Hold your order for the New Red the Fifth, the only car, with a self starter and right hand control, selling for less than \$3000.00. A. B. HENRICKSON, New Location, 304 North Main Street.

I SELL SAMPLE SHOES

Shoes made to sell at \$3.50 to \$6.00. My prices always the same. Men's Shoes, \$2.50. Ladies' Shoes \$2.00 and \$2.50.

LEGAL NOTICES

NOTICE

In the Matter of the Application of the Fullerton Consolidated Oil Co., a Corporation, for Dissolution.

In the Superior Court of the County of Orange, State of California. Notice is hereby given that the Fullerton Consolidated Oil Company, a corporation, duly organized and existing under the laws of the State of California, and having its principal place of business at Olinda, in the County of Orange, State of California, did upon the 18th day of January, 1912, file in the Superior Court of the County of Orange, State of California, its application for the dissolution of the said Fullerton Consolidated Oil Company, and that the said application of the Fullerton Consolidated Oil Company for such dissolution is now pending in the said Superior Court of the County of Orange, State of California. Reference is hereby made to the said application for particulars.

W. B. WILLIAMS, County Clerk of the County of Orange, State of California, and ex-officio Clerk of the Superior Court of the County of Orange, State of California.

Dated this 18th day of January, 1912.

NOTICE TO VOTERS

The great register of Orange county, for the year 1912, as well as every other county in the state of California, is now being compiled. All voters who expect to participate in the general election, to be held on November 5, 1912, for the purpose of electing electors for president of the United States, and for certain state and county offices, must register on or before October 5. Registration closes for the presidential primary election April 13, for the state primary election August 3, and for the general state election on October 5. Elections for city offices in cities of the sixth class will be held April 8 and all voters who wish to vote at election to be held in cities of the sixth class, which in this county include Anaheim, Fullerton, Orange, Huntington Beach, Newport Beach and Stanton, and whose names do not now appear on the register for the years 1910-1911, must register on or before October 5. All voters in the above named cities containing more than one voting precinct and who have moved from one precinct to another in said cities, must re-register at once.

W. B. WILLIAMS, County Clerk.

RAPID GROWTH IN THE STATE

Statistics Show Steady Increase in Production of Beets

One of the results of the recent agitation to reduce the tariff on sugar has been a revelation of the rapidly increasing importance of the beet-sugar industry in California.

While much attention has been given to this important industry in the last few years, few persons have realized that the beet-sugar production of California now is greater than that of any other state in the union.

In 1910 the beet-sugar production in California was 144,746.7 tons, which is more than double the total amount produced in the United States in 1900. In that year the total production of all of the sugar-beet states was 76,859 tons. The California production in 1910 was about 30 per cent of the total amount of the beet-sugar factories of the United States.

Colorado, which held first place in 1909, receded to third place in the following year. The production of that state in 1910 was 98,560 tons. Michigan now holds second place, with a total production of 112,100 tons.

The total production of the United States in 1910 was 498,400 tons, to which California, Michigan and Colorado contributed 345,406 tons.

Think Production Increased

While the figures for last year are not available, it is believed that the production of California has been increased. Throughout the state there has been a tendency to develop this industry during the last twelve months, and it is thought that the sugar-beet industry has been greatly increased. That has been the tendency in Southern California, and soil adapted to the culture of sugar-beets has been in great demand. It also is believed that the harvest of 1912 will show a large increase over 1911, if crop conditions are favorable.

While statistics relating to the production serve to emphasize its importance, its value is still more greatly accentuated by the amount of money involved in the industry.

Figuring the average value of the refined product at 4 cents a pound, it will be seen that the beet-sugar industry in California in 1910 was worth \$11,579,736 to the producers.

According to the government statistics for 1909, California had ten sugar-beet factories with an aggregate daily capacity of 10,700 tons. The same statistics show that these plants represented an investment of \$10,700,000 for buildings and equipment. Since that time new factories have been built, and it is probable that the total amount now invested in such plants in this state will exceed \$12,000,000.

Cost of Sugar Plant
Government statisticians claim that for every ton of daily capacity a sugar-beet plant costs \$1000; that is, a 500-ton plant would cost \$500,000. In order to work economically any plant must have a 500-ton capacity, it is claimed.

Government agents claim that demonstrations have proven that most plants with a daily capacity in excess of 1500 tons would prove unworkable. However, there is one plant in California with a daily capacity of 3000 tons. It is the Spreckels factory at Spreckels, Monterey County, and the plant is the largest in the world.

The second largest plant in California is that of the American Beet Sugar Company at Oxnard. It has a daily capacity of 2000 tons.

That the proposed reduction in the sugar tariff would be disastrous to the beet-sugar industry in California is the claim of the persons directly interested in the business.

To Cure a Cold in One Day

The South -

Famed for its Cooks and Cottolene

To mention the South is to suggest "good cooking." The South is the home of *Cottolene*, and more of the product is used there in proportion to the population than in any other part of the country. This is simply because Southerners know that cotton oil is a pure, vegetable product, and the best cooking fat known. *Cottolene* is made from choice, refined cotton oil, and packed

in sealed, air-tight tin pails to insure its cleanliness and freshness.

Why take chances with lard and inferior imitations when you can get *Cottolene*—the original cotton oil cooking fat—and still the best, most healthful, most economical in the market?

Cottolene will aid your cook to make a reputation.

"Nature's Gift from the Sunny South"

Scene from The Barrier At Grand Opera House

Rex Beach, Author of "The Barrier"

The theatrical war recently waged with such bitterness between John Cort and the promoters of "The Open Door" movement on the one hand, and Klaw & Erlanger, heads of the Theatrical Syndicate on the other, but which is now ended, has cost Rex Beach over twenty thousand dollars to date, as it was the direct means of keeping his latest and greatest success, "The Barrier," out of its most profitable territory in the West. Hot upon the heels of its Eastern success, and while the book was being read faster than it could be printed, a sweeping tour of the West was booked; but when war was declared between the rival theatrical factions "The Barrier" was cancelled in company with Maude Adams, John Drew, David Warfield, and other Frohman and Belasco successes.

The season of inactivity for this play of the "Last Frontier" which managers agreed would have turned

people away everywhere west of the Missouri has been a direct and irreparable loss of twenty thousand dollars in royalties to Rex Beach the author and Eugene Presbrey the dramatist, and it took all of their influence, backed by the postage demands of the western theatre owners, to permit the lid to be lifted sufficiently to allow "The Barrier" to slide through. Results up to date have justified the effort that was put forth, "The Barrier" has surpassed the high water mark of receipts in nearly every city that has been played since it started upon its Western tour. The date now set for this city is Monday, Feb. 5th.

Hold your order for the New Rex the Fifth, the only car, with a self starter and right hand center control, selling for less than \$3000.00. A. B. HENRICKSON, New Location, 304 North Main Street.
